MESSAGE FROM THE CHAIRMAN'S DESK

Dear Stakeholders,

It is my pleasure to present to you our 32nd Annual Report. The Financial Year 2017-2018 has been fulfilling for the Company as we delivered resilient growth even in challenging market environment backed by our consistent endeavours.

Our efforts during the year have translated into encouraging outcomes better than the industry standards. From a modest start with home furnishings, we now feature amongst the leading textile companies in India with diverse product lines. We made substantial investments to expand our fabric manufacturing strength and enhanced capacity utilization. With unique designs, high quality and efficiency, our core objective is to be a trusted partner and produce the best fabric for our customers across the globe.

During the Financial Year, your Company registered a growth of approximately 40% in total income from ₹ 1,185 Crores in 2016-2017 to ₹ 1,651 Crores in 2017-2018. The increase in revenue resulted on account of capacity additions, enhanced distribution reach and further penetration to tier-2 and tier-3 cities. The EBITDA of the Company stood at ₹ 188 Crores in 2017-2018 against ₹ 165 Crores in 2016-2017. The Company reported a slight decline in the PAT from ₹ 66 Crores in 2016-2017 to ₹ 58 Crores in 2017-2018.

We have in place a sound governance structure and internal control system with transparent policies for all. We care for the communities around us by contributing in the areas of health, education, livelihood and skill development. We have the expertise needed to navigate our way through volatile times along with the skills and the resources needed to seize the new opportunities.

**The future belongs
to those who see
possibilities before they
become obvious.**

~ John Scully

Future Forward

To succeed in the midst of changing customer behaviour and competitive landscape, we require speed, innovation and continued transformation. We aim to strengthen our position in the textile value chain.

Lastly, I take this occasion to express my heartfelt gratitude to our shareholders, management, dedicated employees, esteemed customers, partners, bankers and all stakeholders for their devotion, support and commitment to the Company. We are optimistic to embark on this journey of evolving as an extraordinary brand in the textile world.

As I look ahead, I strongly believe that the best is yet to come !!

Yours Sincerely,
Dr. Yamunadutt A. Agarwal
Chairman

MESSAGE FROM THE MANAGING DIRECTOR

Dear Stakeholders,

I am extremely delighted to state that with immense focus and planning, we have managed to strengthen the core fundamentals of the Company during the year 2017-2018. We have a clear vision about where we intend to be over a period of time. We, at Jindal, continue to build sustainable competitive advantage through innovative and quality products in the domestic and global textile map.

Through our long-term investments, we have built a solid platform for many years of continued growth. During the year, we strengthened our manufacturing capacity and operational efficiency. The Company's business is complemented by a wide distribution network. We are well-poised to leverage on the opportunities in the fabric segments and grow globally. The Company has a robust governance structure with transparent and ethical business practices.

As a responsible Company, we continued to invest in processes that abide by the safety and environment protection policy. The Company believes in conducting business in a manner that is beyond profitability. We seek to achieve growth in harmony with ecological and social responsibility. We strive to make a difference in the lives of underprivileged people around us through our social and environmental initiatives.

The best ambassadors for our company are our employees. With their expertise and passion to innovate, they live our mission each and every day. Their dedication makes Jindal a great company and a good investment.

Every effective winning strategy is mapped out by focusing on the desired end goal.

~ Wayne Chirisa

Finally, I would like to thank all the stakeholders who have been with us through good and bad times. I would like to assure you that the Company is well positioned in the industry to make the most of the upcoming opportunities to grow and enhance stakeholders' value. I would also like to thank all our employees, customers, partners and bankers for their continued faith and support.

Yours Sincerely,

Mr. Amit Yanunadutt Agarwal
Managing Director

“RESOLVED FURTHER THAT upon the sub-division of the Face Value of Equity Shares as aforesaid, the existing Share Certificate(s) in relation to the existing Equity Shares of the Face Value of ₹ 5/- each held in physical form, if any, shall be deemed to have been automatically cancelled with effect from the Record Date (as and when be decided by the Board), and the Board be and is hereby authorized to recall the same from the shareholders, if necessary, and to issue new shares certificates in lieu thereof, with regard to sub-divided equity shares in accordance with the provisions of the Companies (Share Capital and Debentures) Rules, 2014 (as amended) and other applicable regulations and in the case of the Equity Shares held in the dematerialized form, the sub-divided Equity Shares shall be credited to the respective beneficiary accounts of the members with their Depository Participants and the Company shall take such corporate actions as may be necessary in relation to the existing Equity Shares.”

“RESOLVED FURTHER THAT any Director(s) and/or Company Secretary of the Company be and is/are hereby Jointly/Severally authorized to do all such acts, deeds, matters and things as may be necessary in relation to the above including the matters incidental thereto and to execute all such documents, instruments and writings as may be required in this connection and, to give effect to the aforesaid resolution including but not limited to fixing of the record date as per the requirements of the SEBI (LODR) Regulations, 2015 and subsequent amendments thereto and such other applicable provisions/enactments and amendments from time to time, execution of all necessary documents with the Stock Exchanges and the Depositories and/or any other relevant statutory authority, if any, cancellation or rectification of the existing physical share certificates in lieu of the old certificates and to settle any question or difficulty that may arise with regard to the sub-division of the Equity Shares as aforesaid or for any matters connected herewith or incidental hereto.”

Item No.07 : To consider and approve Alteration of ‘Capital Clause’ in Memorandum of Association as per the Sections 13 and 61 and all other applicable provisions, if any, of the Companies Act, 2013 -

Elucidation: The proposed sub-division of Face Value of equity shares of the Company requires alteration to the Capital Clause (Clause V) of the Memorandum of Association of the Company. In view of this, Clause V of Memorandum of Association is proposed to be altered and substituted with the a new Clause V to reflect the corresponding changes in the Authorized Share Capital consequent to the said sub-division of Face Value of Equity Shares of the Company.

The members are requested to consider and, if though fit, to pass, with or without modification(s), the following Resolutions, as a **Special Resolutions:**

“RESOLVED THAT pursuant to the provisions of Sections 13, 61 and other applicable provisions, if any of the Companies Act, 2013 and the rules made thereunder (including any statutory modification(s) or re-enactment thereof for the time being in force), the consent of the members be and is hereby accorded for the amendment and substitution of the existing Clause V of the Memorandum of Association of the Company with the following new Clause V:

“V. The Authorized Share Capital of the Company is ₹ 30,00,00,000/- (Rupees Thirty Crores Only) divided into 30,00,00,000 (Thirty Crores Only) Equity Shares of ₹ 1/- (Rupees One Only) each.”

“RESOLVED FURTHER THAT the draft copy of the altered Memorandum of Association of the Company as circulated to the members be and is hereby considered, approved and adopted by the members; subject to the approval of Registrar of Companies, Ahmedabad.”

“RESOLVED FURTHER THAT any Director(s) and/or Company Secretary of the Company be and are hereby authorized to do all such acts, deeds, matters and things as may be necessary in relation to the above including the matters incidental thereto and to execute all such documents, instruments and writings as may be required in this connection and, to give effect to the aforesaid resolution.”

EXPLANATORY STATEMENT UNDER SECTION 102(1) OF THE COMPANIES ACT, 2013

Item No. 04 :

The Board, on the recommendation of the Audit Committee, has approved the appointment and remuneration of M/s. K. V. Melwani & Associates, Practicing Cost Accountants, Ahmedabad as Cost Auditors to conduct the audit of the cost records maintained by the Company in respect of textiles products for the Financial Year ending on 31st March, 2019 at a remuneration of ₹ 85,000/- excluding Goods and Service Tax, travelling and other out-of-pocket expenses incurred by her in connection with the aforesaid audit.

In accordance with the provisions of Section 148(3) of the Companies Act, 2013 read with The Companies (Audit and Auditors) Rules, 2014, the remuneration payable to the Cost Auditors has to be ratified by the shareholders of the Company.

Accordingly, consent of the members is sought for passing an Ordinary Resolution as set out at Item No. 04 of the Notice for ratification of the remuneration payable to the Cost Auditors for the Financial Year ending on 31st March, 2019.

None of the Directors / Key Managerial Personnel of the Company / their relatives are, in any way, concerned or interested, financially or otherwise, in the resolution set out at Item No. 04 of the Notice.

The Board of Directors recommends the Ordinary Resolution as set out in Item No. 04 for the approval of the shareholders of the Company.

Item No. 05 :

Justification of Re-Appointment : Pursuant to the provisions of Section 149 read with the Schedule IV, Sections 152, 161 & other applicable provisions (including any statutory modification(s) or re-enactment thereof for the being in force), if any, of the Companies Act, 2013, Regulation 17(1)(b) of the SEBI (LODR) Regulations, 2015, the Article of the Association of the Company, considering the recommendations made by the Nomination and Remuneration Committee and as part of the initiative to create enduring guidance for the Company and to enhance the involvement of the professionalized personnels in Management of the Company; **Mr. Shrikant N. Jhaveri (DIN: 02833725)**, who was appointed as an Independent Director of the Company with the shareholder's approval in the 31st Annual General Meeting held on 27th September, 2017 for a term of 1 year i.e. w.e.f 10th May, 2017 to 09th May, 2018 (First Term), is required to be re-appointed on the Board of the Company due to the expiry of his existing term of appointment.

Accordingly, the Nomination & Remuneration Committee of the Company; on the basis of the report of performance evaluation which meets out the expectation of the management; has recommended re-appointment of Mr. Shrikant N. Jhaveri for a second consecutive term on the Board of the Company.

Pursuant to the recommendation of the Nomination & Remuneration Committee, based on the performance evaluation of the said Independent Director and considering his background, experience and contributions made by him during his tenure, the Board of Directors considers that the continued association of Mr. Shrikant N. Jhaveri would be beneficial to the Company and it is desirable to continue to avail his services as an Independent Director.

Accordingly, the consent of the members is required to re-appoint him as an Independent Director of the Company for a further period of 5 Years for a second consecutive term w.e.f. 10th May, 2018 to 09th May, 2023; the same which was accorded by the Board of Directors in their Board Meeting held on 03rd May, 2018, subject to the prior approval of shareholders in the ensuing Annual General Meeting.

Continued Directorship: As per Regulation 17(1A) of the SEBI (LODR) (Amendment) Regulations, 2018, ("Amendment Regulations, 2018"), to be effective at various stages, inter alia, provides that "no listed company shall appoint

a person or continue the directorship of any person as a non-executive director who has attained the age of 75 (seventy five) years unless it is approved by the members by passing a special resolution to that effect”.

Accordingly, Mr. Shrikant N. Jhaveri will attain the age of 75 years on 20th December, 2018 and hence approval for his continued directorship after attainment of 75 years of age, during his tenure of appointment, requires the approval of shareholders by way of a Special Resolution; the same which, as per the recommendation of the Nomination and Remuneration Committee, is accorded by the Board of Directors in their Board Meeting held on 13th August, 2018, subject to the prior approval of shareholders in the ensuing Annual General Meeting and on the basis of the justification stated above.

Declarations: Further, he is not disqualified from being appointed as a Director in terms of Section 164 of the Companies Act, 2013 and has given his consent to act as a Director. The Company has also received declaration from him that he meets the criteria of independence as prescribed both under Section 149 (6) of the Companies Act, 2013 and under SEBI (LODR) Regulations, 2015. In the opinion of the Board he do fulfill the conditions as specified both in the Companies Act, 2013 and rules framed there and SEBI (LODR) Regulations, 2015 for his re-appointment as an Independent Director of the Company.

Terms : Mr. Shrikant N. Jhaveri is being re-appointed for the second consecutive term for the period of 5 years w.e.f. 10th May, 2018 to 09th May, 2023. Pursuant to Section 149(13) of the Companies Act, 2013, the term of the said re-appointing Director shall not be liable to retire by rotation, being the same Independent Director.

He shall be paid such sitting fees for attending meetings of the Board or Committees thereof or for any other purpose whatsoever as may be decided by the Board within the limits stipulated under the Companies Act, 2013.

A Copy of letter of re-appointment of Mr. Shrikant N. Jhaveri setting out the detailed terms and conditions of re-appointment is available for inspection by the members at the registered office of the Company and is placed on the website of the Company “www.jindaltextiles.com”.

Brief Profile of Mr. Shrikant N. Jhaveri: Mr. Shrikant N. Jhaveri, aged 74 Years is a Post Graduate (Masters of Science) in Electrical Engineering from Stevens Tech, New Jersey (U.S.A). He is an energetic, focused and organized personality having vast experience in Electrical Industry. He is currently an Independent Director in S A L Steel Limited since 2011 and was Deputy General Manager (DGM) of Gujarat Industrial Investment Corporation, a Semi-Government Financial Corporation. The details of said Director seeking re-appointment are mentioned in Point no. 24 of the notes to the Notice of this Annual General Meeting.

Candidature: Pursuant to Section 160 of the Companies Act, 2013; a notice has been received from Mr. Amit Agrawal, signifying the candidature of Mr. Shrikant N. Jhaveri as an Independent Director and intention to propose his re-appointment as Independent Director of the Company.

Further, as the said re-appointment was recommended by the Nomination & Remuneration Committee of the Company; the requirement of deposit of ₹ 1 Lakh for proposing candidature is dispensed away with due to amendment made under Section 160 of the Companies Act, 2013 vide MCA Notification dated 9th February, 2018.

Relationship/Interest: None of the Directors / Key Managerial Personnel or their relative(s) is / are in any way concerned or interested, financially or otherwise, in passing of the above mentioned resolution, except Mr. Shrikant N. Jhaveri.

Accordingly, consent of the members is sought for passing a Special Resolutions as set out at Item No. 05 of the Notice of this Annual General Meeting, in relation to the re-appointment of Independent Director.

The Board of Directors recommends the Special Resolutions as set out in Item No. 05 for the approval of the shareholders of the Company.

Item No. 06 :

In order to improve the liquidity of your Company's Equity Shares in the Stock Markets with higher floating stock in absolute numbers and to make them more affordable for the small retail investors to invest in the Company, the Members are informed that it would be advantageous for the Company for sub-dividing the Face Value of the Equity Shares of the Company from ₹ 5/- each to ₹ 1/- each and consequent sub-division of Equity shares thereof.

Accordingly, consent of the members is sought for passing a Special Resolutions as set out in Item No. 06 of the Notice of this Annual General Meeting, in relation to the Sub-Division of the Equity Shares.

None of the Directors / Key Managerial Personnel of the Company / their relatives is/are, in any way, concerned or interested, financially or otherwise, in the resolution set out at Item No. 06 of the Notice, except to the extent of their respective shareholding in the Company.

The Board of Directors recommends the Special Resolutions as set out in Item No. 06 for the approval of the shareholders of the Company.

Item No. 07 :

The proposed sub-division of Face Value of equity shares of the Company requires alteration to the Capital Clause (Clause V) of the Memorandum of Association of the Company. In view of this, Clause V of Memorandum of Association is proposed to be altered and substituted with the a new Clause V to reflect the corresponding changes in the Authorized Share Capital of the Company consequent to the said sub-division of Face Value of Equity Shares of the Company.

A copy of the proposed set of new Memorandum of Association of the Company is available for inspection by the members at the registered office of the Company.

Accordingly, consent of the members is sought for passing a Special Resolutions as set out in Item No. 07 of the Notice of this Annual General Meeting, in relation to the Alteration of Capital Clause of the Memorandum of Association of the Company,

None of the Directors / Key Managerial Personnel of the Company / their relatives is / are, in any way, concerned or interested, financially or otherwise, in the resolution set out at Item No. 07 of the Notice, except to the extent of their respective shareholding in the Company.

The Board of Directors recommends the Special Resolutions as set out in Item No. 07 for the approval of the shareholders of the Company.

16. REPORT ON RISK MANAGEMENT POLICY :

The Company has laid down a Risk Management Policy for a systematic approach for identification of risks, its assessment, mitigation measures, monitoring and to control risks. Further such Risks are categorized as below:

- a.) **Strategic Risks** which includes geographical concentration of its manufacturing capacity, reputational risk, changing customer preference from cotton to blends & business continuity planning. Emerging businesses, capital expenditure for capacity expansion etc, are normal strategic risks faced by the Company. However, the Company has well-defined processes and procedures for obtaining approvals for investments in new businesses and capacity expansions.
- b.) **Regulatory Risks** which include changes in taxation regime, bilateral/multilateral trade agreements, government policies with respect to textiles & regulatory compliances. The Company’s business may be affected by interest rates, changes in Government policy, taxation and other economic developments in the Indian and overseas market in which the Company operates.
- c.) **Commodity Risks** which is exposed to the risk of price fluctuations of raw materials as well as finished goods. The Company proactively manages these risks through forward booking, inventory management and proactive vendor development practices. The Company’s reputation for quality, product differentiation and service, coupled with the existence of powerful brand image with a robust marketing network mitigates the impact of price risk on finished goods.
- d.) **Financial Risks** Volatility in financial markets including fluctuations in foreign exchange rates and interest rates impact the Company’s cash flows including debt financing. With operations in many countries and time gap between bidding and award of Contracts, any adverse movement in any particular currency can adversely impact financials. In the present uncertain time, it becomes more difficult to judge the market and take appropriate decision.
- e.) **Operational Risks** The Company’s operations and financial condition could be adversely affected if it is unable to successfully implement its growth strategies. Competition from others, or changes in the products or processes of the Company’s customers, could reduce market prices and demand for the Company’s products, thereby reducing its cash flow and profitability.

The Risk Management Policy has been developed accordingly and approved by the Senior Management in accordance with the business strategy.

Pursuant to Regulation 21 of the SEBI (LODR) Regulations, 2015, the Company is not required to constitute a Risk Management Committee as it is applicable only on Top 100 Listed Entities as may be prescribed by the Exchanges.

17. CONSERVATION OF ENERGY, TECHNOLOGY, ABSORPTION AND FOREIGN EXCHANGE EARNINGS AND OUTGO:

CONSERVATION OF ENERGY, TECHNOLOGY ABSORPTION AND FOREIGN EXCHANGE EARNINGS AND OUTGO

[Section 134(3)(m) of the Companies Act, 2013, read with Rule 8(3) of the Companies (Accounts) Rules, 2014]

A) Conservation of Energy:

(a) Steps taken or impact on conservation of energy:

Energy conservation continues to be the key focus area of your Company. The Company is making continuous effort for energy conservation. Effective measures have been taken to monitor consumption of energy during the manufacturing process and other operational activities. Continuous monitoring and awareness amongst employees has helped to avoid wastage of energy. The Company has continued taking following steps for conservation of energy during Financial Year 2017-2018:

- Monitoring of power consumption and production data to sustain lowest possible Kwh/Kg through minimum operation of machineries and align maintenance schedule and production programme.
- Installation of new technology machineries for energy conservation.
- Continuously monitoring the energy parameters such as maximum demand, power factor, load factor on regular basis.
- Re-usage of white water RTV to IDR raw water air blower to RTV return for water conservation.
- Installation of ‘Feed Vertical Inline Multi Stage High Pressure Centrifugal Pump’ to save water consumption alongwith installation of pump with motor & drive to save energy consumption.
- Increasing the awareness of energy saving within the organization to avoid the wastage of energy and to establish energy efficient practices.
- Installation of capacitors, invertors with drive box & drive to improve power factor for optimum utilization of energy.
- Effective use of the existing Solar Power Plant to conserve energy .
- Saving power units by replacing the conventional lights by using the LEDs lights.

The measures stated above have led to better pollution control, water and energy conservation, reduced adverse impact on environment and maintenance time and cost, improved hygienic condition and consistency in quality and productivity.

(b) The steps taken by the Company for utilising alternate sources of energy.

As an initiative and commitment to Environment, the Company has continued the utilization of Solar Power Plant of capacity 999 KWP at the rooftop of Factory premises as installed previous year. MANAGEMENT DISCUSSION AND ANALYSIS REPORT

Pursuant to Regulation 34(2)(e) and Schedule V of SEBI (LODR) Regulations 2015

Your Board of Directors is pleased to share with you the “Management Discussion and Analysis Report” for the Financial Year ended on 31st March, 2018.

A. Global Economy Overview:

The World economic growth witnessed a broad-based cyclical recovery in the calendar year 2017. Global GDP expanded by 3.8% in 2017, supported by a recovery that covered more than half of the world's economies. The growth was driven by a spur in the investment activity in advanced economies, continued strong growth in emerging Asia, a notable upswing in emerging Europe and signs of revival in several commodity exporters.

Growth in advanced economies increased to 2.3% in 2017 from 1.7% in 2016, backed by a pickup in capital spending and rising external demand. While growth among Emerging Market and Developing Economy (EMDE) groups grew to 4.7% in 2017 from 4.4% in 2016, reflecting firming up of commodity trade.

Global growth is expected to rise to 3.9% in both 2018 and 2019. Advanced economies are expected to grow faster than in 2018 aided by accommodative monetary policy in Euro area and expansionary fiscal policy in the US economy. Aggregate growth in emerging market and developing economies is projected to firm further with continued strong growth in emerging Asia, Europe and a modest upswing in commodity exports.

B. Indian Economy Overview:

India continues to be one of the fastest growing economies in the world by registering 6.7% growth in GDP for 2017-2018 as compared to the growth rate of 7.1% in Financial Year 2016-2017. The economy is recovering after the temporary disruption due to demonetization and implementation of Goods and Services Tax (GST). This move towards simplifying the tax structure will help in bringing the unorganized textile sector under the organized sector. Demonetization in the previous year impacted business sentiments and growth rate during the first half of the fiscal.

Reduction in export incentives in textile industry resulted in reduced export competitiveness. Cotton prices remained volatile through the year impacting the profitability of the industry. India's denim fabric industry continued to face pressures due to oversupply and unutilized capacity. However, the long-term demand potential for the segment remains intact due to denim's versatile fashion appeal among young populace. Over time, positive economic environment and rising disposable income will boost the domestic demand which augurs well for textile industry.

An improving business ecosystem, stable macroeconomic indicators, liberal FDI regime and improved foreign capital inflow has provided impetus to the domestic economy.

Government's focus on infrastructure development, banking reforms and affordable housing, amongst others, will support the growth in the medium term. Forecast of a normal monsoon will boost the agriculture sector and would drive the rural consumption. As per IMF, April, 2018 outlook, Indian economy is expected to achieve 7.4% growth for the Financial Year ending March, 2019.

C. Global Textile and Apparel Industry:

The textile and apparel industry is expected to witness growth across developed and emerging markets backed by a positive outlook for the global economy. The apparel industry is largely dominated by the US

and the European Union. However, with rising disposable income and strong demand, countries like China, India and Italy are emerging as key exporters of apparel and as future destinations for consumption.

The year 2017 saw the world apparel market growing by 3.6%, driven by 5% growth in the Asia Pacific and 8% growth in Rest of the World markets. China and India recorded strong growth in 2017, thus leading the growth charts. On the other hand, Western Europe and USA, the two large apparel markets are saturated and grew less than 1% in 2017. Global fashion industry is expected to continue recovery in 2018 to register 5% growth aided by strong performance in the Asia Pacific region.

The global trade in the apparel segment is further expected to grow at a CAGR of 5% and the global textiles trade is projected to grow at a CAGR of 3% over 2016-2026. Fabric is expected to lead the category, followed by yarns and fibre.

D. Indian Textile and Apparel Industry:

The textile and apparel industry is one of the leading segments of the Indian economy. The industry contributes approximately 2% to India's Gross Domestic Product (GDP); 10% of the manufacturing production and 14% to overall index of Industrial Production (IIP). The textile industry has two broad segments. First, the unorganized sector, which consists of handloom, handicrafts and sericulture and are operated on a small scale through traditional tools and methods. The second is the organized sector consisting of spinning, apparel and garments segment which apply modern machinery and techniques to derive economies of scale.

The industry is one of the largest sources of foreign exchange earnings for India, accounting for about 13% of the total exports earnings. It is the second largest provider of employment after agriculture. The textile industry employs about 105 million people directly and indirectly. India's key strengths in this sector lie in the availability of all types of natural and manmade fibres, a large pool of manpower, presence of complete value chain, a large and growing domestic market and design capabilities. These factors make India a preferred destination for textile investments as compared to its competitors. The Indian textiles industry, currently estimated at around USD 150 billion, is expected to reach USD 230 billion by 2020.

While the outlook remains positive due to growing economy and higher disposable income, the industry faced few challenges during the year.

Volatile cotton prices through the year impacted the industry's margins. Higher prices of seed cotton in the market, Government's announcement to keep the Minimum Support Price (MSP) at least 50% higher than the cost etc. could further strengthen the cotton prices.

The Government reduced duty incentives on textile exports w.e.f. October, 2017. Sharp reduction in duty incentives affected the garmenting sector quite negatively and exports saw a double digit decline since October, 2017. Strong currency throughout the year also impacted the cost competitiveness of Indian textile players compared to the global peers.

E. Goods and Service Tax (GST):

The textile industry went through tough times in 2017 as it came under the impact of GST roll out. The implementation of GST resulted in a potential toll on the performance of most of the textile players in the country.

In order to strengthen the global competitiveness of the industry and to support the overall growth of the textile industry, India's GST Council has kept majority of the industry under the 5% GST slab. The Government has also reduced the tax on all job works like weaving, cutting, knitting and embroidery in the textile sector to 5% from the previous rate of 18%.

The efficiency relating to GST will start reflecting in the coming years in terms of reducing internal barriers to trade, increasing logistics efficiency and improving tax compliance. GST rate cuts in natural fibre including cotton and woollens will provide relief to textile companies. The export-oriented entities will benefit from the streamlined process. However, the textile industry as a whole is poised to grow as organized units gain market share back from their unorganized counterparts and create further growth avenues.

F. Supportive Government Policies:

Rising government focus and favourable policies are leading to growth in the textiles and clothing industry. Hon'ble Prime Minister Shri Narendra Modi at the recent "Textiles in India 2017" exhibition stated that the time is right for India to direct its focus on textiles exports and stressed the need for innovation and research in textiles for the industry to grow and tap new markets. Below are the key initiatives and highlights for the year 2017 - 2018:

- Under Union Budget 2018-2019, Government of India allocated around ₹ 7,148 Crores (USD 1.1 billion) for the textile industry.
- The Ministry of Textiles encouraged investments through increasing focus on schemes such as Technology Up-gradation Fund Scheme (TUFS) with an allocation of ₹ 2,300 Crores (USD 355.27 million) under the Union Budget 2018-2019.
- ₹ 30 Crores (USD 4.63 million) were allocated for the Scheme for Integrated Textile Parks (SITP) under which there are 47 ongoing projects.
- In May, 2018, textiles sector recorded investments worth ₹ 27,000 Crores (USD 4.19 billion) since June, 2017.
- The Cabinet Committee on Economic Affairs (CCEA), Government of India approved a new skill development scheme named 'Scheme for Capacity Building in Textile Sector' (SCBTS).
- Cumulative FDI in the Indian textiles reached USD 2.93 billion between April, 2000 to March, 2018.
- The Textile Ministry of India earmarked ₹ 690 Crores (USD 106.58 million) for setting up 21 readymade garment manufacturing units in seven states for the development and modernization of the Indian textile Sector.

G. Strengths:

- Largest producer and second largest exporter of cotton in the world
- Second largest textile manufacturing capacity globally
- Strong and flexible production base of wide range of fibre/yarns from natural fibres like cotton, jute, silk & wool to synthetic/man-made fibres like polyester, viscose, nylon & acrylic
- Significant Government policies to support the industry
- Large skilled labour force at a comparatively cheap rate
- Vertical and horizontal integrated textile value chain from raw material to finished goods
- Globally competitive spinning industry with diverse design base
- Unique strength in traditional handlooms and handicrafts

H. Weaknesses:

- Highly fragmented and technology backward textile processing sector
- Largely unorganized and small in size, especially the fabric manufacturing, processing and garment manufacturing segments

- Rigid labour laws: proving a bottleneck particularly to the garment sector
- Higher costs of capital compared to other countries which affects the cost of production and competitiveness
- Poor access to credit is one of the major hindrances in the growth of the sector
- Inadequate capacity of the domestic textile machinery manufacturing sector

I. Global Denim Industry Overview:

The denim segment has always reigned as one of the leading segments in the fashion textile industry. USA is one of the top consumers of denim jeans with an estimated demand of 450 million pieces per year, followed by European Union (EU). Demand growth for the next six years is expected to largely emanate from Asia, Latin America, North America, Europe, Mexico and China. Global denim market is estimated to grow at about 6.4% annually from USD 57 billion in 2016 to USD 75 billion in 2021.

Top denim fabric importing countries include Bangladesh, Mexico and exporting countries include China, Pakistan, Turkey, Hong Kong, Italy, India, Spain and Brazil. Supply growth of denim fabric is expected to supersede the increase in demand due to sizeable capacities coming online around the globe posing pressure on bargaining power of fabric and garments manufacturers.

J. Indian Denim Industry Overview:

The denim industry in India is growing at a consistent CAGR of 13% to 15% per year led by rising local demand. India's share in global denim jeans trade account for 2.5% with 10% share in global denim manufacturing capacities. The denim space in India continues to be largely occupied by the unorganized space with 60% market share, catering to the private labels. The Indian denim industry enjoys the advantage of suitable cotton, state-of-the-art production plants and large local market where increasing consumption of denim products is being witnessed.

The denim industry is primarily aiming to increase its share in exports, which currently stands at around one-third of the total production. The total denim fabric capacity of the country stands at 1.2 billion meters per annum reporting utilization levels of 75%, of which only 28% is exported. Although the urban and rural Indian markets contribute to the overall share of denim, the per capita consumption of denim items by Indian consumers is much lower (0.3) in comparison to other markets like the US (9), the UK (8) and Brazil (7). This demonstrates the huge potential that still remains untapped in the domestic market.

With GDP growth estimated at 7.4%, over the next year, 12 million youth between 15 and 29 years are expected to enter the workforce every year (Source: World Bank). Additionally, increased skilled labour and increased focus of the youth towards market trends will act as a growth driver for the segment.

K. Technical Textiles Industry Overview:

Technical Textile Industry which has a market size of ₹ 1,16,000 Crores (USD 18 billion) in 2017-2018, is projected to grow at the rate of 20% year-on-year supported by various flagship schemes by the government. These textiles have applications in multiple areas of economic activity, such as aerospace, shipping, sports, agriculture, defense and health care. Technical Textiles are the growing trend and there is a huge potential for foreign investments to bring the required technology and innovation.

L. Company Overview:

Jindal Worldwide Limited ('the Company') is among the largest denim fabric manufacturers and suppliers in the country. With over three decades in this industry, the Company has evolved as one of India's leading vertically integrated textile companies. The Company has always focused on crafting a spectrum of innovations in textile products to enrich customer experiences through unique designs and latest technologies. Jindal has established itself as a dominant name in the industry with a capacity of manufacturing 120 million meters of denim fabric on an annual basis.

Jindal manufactures a wide range of denim, premium shirting, yarn dyeing, bottom weights and home textiles. The Company has developed significant capabilities by focusing on research and development, cost optimization and product innovation. Jindal continuously upgrades its processes to make use best quality raw material. To further meet customers' requirement, Jindal has also introduced new dyeing and processing method for denims.

During the Financial Year 2017 - 2018 under review; the performance of your Company proved to be satisfactory in spite of challenging environment in the industry. Our total revenue from operations on Standalone basis has increased from ₹ 11,85.27 Crores to ₹ 1,650.85 and on consolidated basis has increased from ₹ 1,185.29 Crores to ₹ 1,657.94 Crores, at a growth rate of approx 39.28% as compared to previous year.

Consequent to this, the net profit after tax was recorded at ₹ 58.33 Crores and ₹ 58.60 Crores from ₹ 66.40 Crores and ₹ 66.42 Crores on Standalone and Consolidated basis as compared to the previous year, respectively. The performance of your Company is a result of efficient strategic planning by the management and dedication of the skilled workforce.

Further, the Company has made continuous efforts to upgrade the equipment and bring in the latest technology to maintain international quality standards and other essential factors effecting the operations. Your Company has always tried its best to maintain the trust of its stakeholders by providing steady results and more value each time.

M. Risk and Concern:

Risk is an integral part to any business. There are various types of risks that threaten the existence of a Company like strategic risk, business risk, finance risk, foreign exchange risk, environment risk, personnel risk, operational risk, reputation risk, regulatory risk, technology risk, political risk, etc. The Company has in place a sound risk management framework to mitigate the impact of any risk on the business operations.

The pressures on textile exporters became more severe with strengthening of Indian rupee against currencies of key competing nations during Current Year 2017, which reduced competitiveness of Indian exporters vis-à-vis their counterparts.

Further, higher input prices (primarily cotton) vis-a-vis last year added to profitability pressures for exporters during H1 Financial Year 2018, given the cotton-dominance of textile exports from India. Also, changes in China's Textile Policy severely affected the country's export to that country.

Your Company aims at enhancing and maximizing shareholders value by achieving appropriate trade-off between risk & returns.

N. Health and Safety Measures:

The Company believes that a safe and healthy workplace is a fundamental right of every person and also a business imperative. As an employer; it is responsibility to maintain a safe and healthy workplace. The Company firmly believes that without safe, clean environment and healthy working conditions, the overall

economic growth cannot be achieved and maintained. The Company focuses on energy conservation and maintaining a clean sustainable environment by promoting the usage of eco-friendly fuels, recycling of waste water.

O. Human Resource Management and Industrial Relations:

We believe that our employees are the assets of our organization. We are committed to provide opportunities to our employees to re-skill and up-skill themselves, in the face of rapidly evolving technology and increasing automation. Your Company is confident that its human capital will effectively contribute to the long-term value enhancement of the organization. The Company continuously nurtures this environment to keep its employees highly motivated, result oriented and adaptable to the changing business scenario.

P. Internal Control System:

Your Company has adequate system of internal controls to ensure that all the assets are safeguarded and are productive. Necessary checks and controls are in place to ensure that transactions are properly verified, adequately authorized, correctly recorded and properly reported. The Internal Auditors of the Company conduct audit of various departments to ensure that internal controls are in place and submit monthly and yearly Reports to the Audit Committee. The Audit Committee regularly reviews these Reports and the Company when needed takes corrective actions.

Q. Outlook:

The outlook for Jindal remains positive with the increasing focus on expanding product line, geographical reach and innovative designs. With optimistic economic environment, inflation trends and disposable income, the growth prospects are encouraging for the Company. We have taken various initiatives to reduce the operational cost, development of new innovative value-added products, and exploring new markets based on certain parameters, to achieve better margins in the future.

Your Company has pursued its strategy of targeting growth while maintaining financial discipline and profitability. We aim to achieve healthy annual growth for the coming years. As the revenue grows, we expect our EBITDA margins also to improve. The Company is well-poised to take advantage of the opportunities in the business landscape and expected to reach a double-digit trajectory.

CORPORATE GOVERNANCE REPORT

“Chapter IV read with Schedule V of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015”

1. Company’s Philosophy on Corporate Governance:

“**JINDAL WORLDWIDE LIMITED**” (JWL) is committed to conduct its business based on the highest standards of Corporate Governance. At JWL, Corporate Governance has been an integral part of the way we have been doing our business since inception. We believe that Good corporate governance helps to build an environment of trust, transparency and accountability necessary for fostering long-term investment, financial stability and business integrity, thereby supporting stronger growth and more inclusive societies.

To succeed, we believe, it requires highest standards of corporate behavior towards everyone we work with, the communities we touch and the environment on which we have an impact. This is our road to consistent, competitive, profitable and responsible growth and creating long-term value for our Members, our people and our business partners. The above principles have been the guiding force for whatever we do and shall continue to be so in the years to come.

The SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended from time to time, has brought up the additional Corporate Governance norms for listed entities aligned with the provisions of Companies Act, 2013. These norms provide for more strict disclosures and protection of investor rights and aimed to encourage companies to adopt best practices on Corporate Governance.

Corporate Governance is not merely compliance and not simply a matter of creating checks & balances. It is an ongoing measure of superior delivery of Company’s objects with a view to translate opportunities in reality. The Company places great emphasis on value such as empowerment and integrity of its employees, safety of the employees & communities surrounding the plant, transparency in the decision making process, fair and ethical dealing with all, pollution free environment and last but not least, accountability to all the stakeholders.

The Board considers itself as a trustee of its shareholders and acknowledges its responsibilities towards them for creation and safeguarding their wealth on sustainable basis. Our Corporate Governance framework ensures that we make timely disclosures and share accurate information regarding our financials and performance, as well as the leadership and governance of the Company. Our Corporate Governance philosophy is based on the following principles:

- Attainment of the highest levels of transparency, accountability and equity, in all facets of its operation, and in all its interaction with its stakeholders, including shareholders, employees and the government;
- Corporate Governance standards should go beyond the law and satisfy the spirit of law, not just the letter of the law;
- Appropriate composition and size of the Board, with each member having expertise in their respective areas;
- Transparency and independence in the functions of the Board;
- Timely and accurate disclosure on all matters concerning operations and performance of the Company;
- Systems and processes are in place for internal control; and
- Have a simple and transparent corporate structure driven solely by business needs.

We firmly believe that Board independence is essential to bring objectivity and transparency in the management and in the dealings of the Company. As on 31st March, 2018, the Board consists of 5 (Five) Independent Directors amongst the aggregate 9 (Nine) Board Members. Company’s activities are carried out in accordance with good corporate practices and the Company is constantly striving to improve upon them and adopt the best practices.

The Company is in compliance with the requirements stipulated under Chapter IV read with Schedule V of SEBI (Listing Obligations and Disclosure requirements) Regulations, 2015 (hereinafter referred as SEBI (LODR) Regulations, 2015).

New Amendments on SEBI (LODR) Regulations, 2015 of Kotak Committee On Corporate Governance:

The SEBI has come up with some of the recommendations with or without modifications on 28th March, 2018 of the Kotak Committee on Corporate Governance and consequently, on 9th May, 2018 the SEBI amended (Listing Obligations and Disclosure Requirements) Regulations, 2015. Your Company welcomes this progressive step of SEBI. The Company shall ensure that its governance framework incorporates the amendments introduced in the SEBI (LODR) Regulations, 2015, and the same will be complied by the Company with on or before the effective date, as may be applicable from time to time.

2. Corporate Governance Framework:

An effective Corporate Governance requires a sound legal, regulatory and institutional framework that market participants rely on when they establish their private contractual relation. Our Corporate Governance framework is based on the principle of freedom to the executive management within the given framework to ensure that the powers vested in the executive management are exercised with due care and responsibility to meet our mission and to create the value for all of our stakeholders. It specifies the distribution of the role and responsibilities among different participants in the organization, such as Board of Directors, Business Heads and other Associates and spells out rules and procedures for making decisions on corporate affairs. It also provides a mechanism through which the Company's objectives are set, the means to achieve these objectives are defined and the process of monitoring performance is delineate. An overview of our Corporate Governance Structure is set out below.

➤ BOARD OF DIRECTORS {PURSUANT TO REGULATION 17 OF SEBI (LODR) REGULATIONS, 2015}:

The Board of Directors have ultimate responsibility for the management, general affairs, direction, performance and long-term success of business as a whole. As its primary role is fiduciary in nature, the Board provides leadership, strategic guidance, objective and independent view to the Company's management while discharging its responsibilities, thus ensuring that the management adheres to ethics, transparency and disclosures.

a) Size and Composition of the Board:

The Company has a balanced structure of Board of Directors with a proper mix of Executive, Non-Executive Directors and Independent Directors, which takes care of the business necessity and stakeholders' interest. The Board represents an optimal mix of professionalism, knowledge, experience and enables the Board to discharge its responsibilities and provide effective leadership

to the business. The current policy is to have an appropriate mix of executive and non-executive Directors with atleast one woman Director to maintain the independence of the Board, and separate its function of governance and management. The composition of the Board complies with the requirements of the SEBI (LODR) Regulations, 2015 and is in accordance to the best practices in the Corporate Governance.

During the Financial Year 2017-2018, the Board of Directors of the Company comprised of 9 (Nine) Directors and out of which 1 (One) is Executive Director, 5 (Five) are Independent Directors and 3 (Three) are Non-Executive Directors. Role and Support of Company Secretary:

The Company Secretary is responsible for convening the Board and Committee meetings, preparation and distribution of agenda and other documents and recording of the minutes of the meetings. The Company Secretary acts as interface between the Board and the Management and provides required assistance to the Board and the Management and advises the Board on compliances with applicable laws and governance.

(d) Familiarisation Programme for Directors:

Pursuant to Regulation 25(7) of SEBI (LODR) Regulations, 2015, your Company has in place a structured induction and familiarization programme for all its Directors including the Independent Directors. Your Company, through such programmes, familiarizes not only the Independent Directors but also to any of the new appointee on the Board with a brief background of your Company, their roles, rights, responsibilities, nature of the industry in which it operates, business model operations, ongoing events, etc. They are updated on all business related issues and new initiatives. They are also informed of the important policies of your Company including the Code of Conduct for Directors and Senior Management Personnel and the Code of Conduct for Prevention of Insider Trading.

A brief detail of the familiarization programme is displayed on the Company's website viz:

"http://www.jindaltextiles.com/investor-data/IndependentDirectors/familiarization_programme.pdf"

(e) Meeting of Independent Directors:

The Board's policy is to regularly have separate meetings with Independent Directors, to update them on all business-related issues, new initiatives and changes in the industry specific market scenario.

Pursuant to Regulation 25(3) of SEBI (LODR) Regulations, 2015, during the year under review, 1 (One) meeting of the Independent Directors of the Company was held on **12th December, 2017**, without the presence of the Executive/Non-Executive Director(s). Such meeting was conducted informally to enable Independent Directors to discuss the following matters, *inter-alia*, pertaining to the Company's affairs and put forth their views to the Chairman:

- Evaluation of performance of Non Independent Directors and the Board of Directors as a whole;
- Evaluation of performance of the Chairman of the Company, taking into account the views of the Executive and Non-Executive Directors; and
- Evaluation of the quality, quantity and timeliness of flow of information between the Management and the Board that is necessary for the Board to effectively and reasonably perform its duties.

All the Independent Directors were present for this Meeting.

(f) Board evaluation:

The Companies Act, 2013 and Regulation 17 of SEBI (LODR) Regulations, 2015, mandates that the Board shall monitor and review the Board evaluation framework. The Board has carried out the annual evaluation of its own performance, its Committees and Directors individually. A structured questionnaire was prepared after circulating the draft forms, covering various aspects of the Board's functioning such as adequacy of the composition of the Board and its Committees, Board culture, execution and performance of specific duties, obligations and governance.

The performance evaluation of the Chairman and Managing Director and the Non Independent Directors was carried out by the Independent Directors. The Directors express their satisfaction with the evaluation process.

(g) Jindal Worldwide's code of conduct for the prevention of insider trading:

The Board of Directors has adopted the Insider Trading Policy in accordance with the requirements of the SEBI (Prohibition of Insider Trading) Regulations, 2015. The Insider Trading Policy of the Company lays down guidelines and procedures to be followed and disclosures to be made while dealing with shares of the Company as well as the consequences of violation. The Policy has been formulated to regulate, monitor and ensure reporting of deals by management and its employees and to maintain the highest ethical standards of dealing in Company securities.

The Code is applicable to Promoters and Promoter's Group, all Directors and such Designated Employees who are expected to have access to unpublished price sensitive information relating to the Company. The Company Secretary is the Compliance Officer for monitoring adherence to the said Regulations. This Code is displayed on the Company's website viz.

The Company's Board of Directors are responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these Standalone Ind AS Financial Statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) prescribed under Section 133 of the Act read with relevant rules issued there under.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Standalone Ind AS Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these Standalone Ind AS Financial Statements based on our audit.

In conducting our audit, we have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made there under.

We conducted our audit of the Standalone Ind AS Financial Statements in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the Standalone Ind AS Financial Statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the Standalone Ind AS Financial Statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Standalone Ind AS Financial Statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the Standalone Ind AS Financial Statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the Standalone Ind AS Financial Statements.

We believe that the audit evidence obtained by us, is sufficient and appropriate to provide a basis for our audit opinion on the Standalone Ind AS Financial Statements.

Opinion

Annexure -A to the Independent Auditors' Report

(Referred to in paragraph 1(f) under 'Report on Other Legal and Regulatory Requirements' Section of our Report of even date)

Report on the Internal Financial Controls over financial reporting under Clause (i) of Sub-Section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Jindal Worldwide Limited ("the Company") as of 31st March, 2018 in conjunction with our audit of Standalone Ind AS Financial Statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing, prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Standalone Ind AS Financial Statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Financial Statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that:

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Financial Statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and
- 3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the Financial Statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2018, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Standalone Financial Statements of Jindal Worldwide Limited (Contd.)

Notes forming part of Standalone Financial Statement for the year ended 31st March, 2018

1 Corporate information:

Jindal Worldwide Limited ('the Company') is a public Company, domiciled in India under the provision of the Companies Act, 1956. The Company is engaged in business of manufacturing & dealing in Denim and other Textile activities.

2 Basis of preparation:

The Financial Statements of the Company have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 as amended by the Companies (Indian Accounting Standards) (Amendment) Rules, 2016.

For all periods up to and including the year ended 31st March, 2017, the Company prepared its Financial Statements in accordance accounting standards notified under the Section 133 of the Companies Act 2013, read together with paragraph 7 of the Companies (Accounts) Rules, 2014 (Indian GAAP). These Financial Statements for the year ended 31st March, 2018 are the first the Company has prepared in accordance with Ind AS. (Refer Note 4.1 for information on how the Company has adopted Ind AS.)

The Company has adopted all the Ind AS standards and the adoption was carried out in accordance with Ind AS 101 First time adoption of Indian Accounting Standards. The transition was carried out from Indian Accounting Principles generally accepted in India as prescribed under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014 (IGAAP), which was the previous GAAP. Reconciliations and descriptions of the effect of the transition has been summarized in note 4.3 and 4.4.

The Financial Statements have been prepared on the historical cost basis, except for certain financial instruments which are measured at fair values at the end of each reporting period, as explained in the accounting policies below.

The Financial Statements are presented in Indian rupees (INR) and all values are are presented in full, except otherwise indicated.

3 Summary of significant accounting policies:

3.1 Current vs Non Current Classification

The Company presents assets and liabilities in the Balance Sheet base on current/non-current classification.

An asset is current when it is:

- i) Expected to be realised or intended to be sold or consumed in normal operating cycle
- ii) Held primarily for the purpose of trading
- iii) Expected to be realised within twelve months after the reporting period, or
- iv) Cash or cash equivalents unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current

A liability is current when it is:

- i) Expected to be settled in normal operating cycle
- ii) Held primarily for the purpose of trading
- iii) Due to be settled within twelve months after the reporting period, or

Standalone Financial Statements of Jindal Worldwide Limited (Contd.)

Notes forming part of Standalone Financial Statement for the year ended 31st March, 2018

- iv) There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

All other liabilities are treated as non-current

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

3.2 Revenue recognition

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured, regardless of when the payment is being made. Revenue is measured at the fair value of the consideration received or receivable net of discounts, taking into account contractually defined terms and inclusive of excise duty, taking into account contractually defined terms of payment excluding taxes or duties collected on behalf of the government.

Sale of goods

Revenue from the sale of goods is recognised when the significant risks and rewards of ownership have been transferred to the buyer. Revenue is measured at fair value of the consideration received or receivable, inclusive of excise duty and net off sales tax/ value added tax, trade discounts, returns and allowances, price difference adjustments, volume discounts, liquidated damages and special discounts passed on to customers. No revenue is recognised if there are significant uncertainties regarding recovery of the amount due, associated costs or the possible return of goods.

Interest income

Interest income is recognised using effective interest method (EIR). EIR is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the gross amount of the financial asset or to the amortised cost of a financial liability. When calculating the EIR, the Company estimates the expected cash flows by considering all the contractual terms of the financial instrument but doesn't consider the expected credit losses. Interest income is included in the other income in the Statement of Profit and Loss.

Dividend income

Dividend income from investments is recognised when the shareholder's rights to receive payment have been established.

Rental income

Rental income from investment properties and subletting of properties is recognised on a straight line basis over the term of the relevant leases.

3.3 Inventories

- (i) **Raw materials, components and stores and spares:** At lower of cost or net realisable value. Cost represents purchase price and other direct costs and is determined on a moving weighted average cost basis. Cost of inventories also include all other costs incurred in bringing the inventories to their present location and condition. However, materials and other items held for use in the production of inventories are not written down below cost if the finished products in which they will be incorporated are expected to be sold at or above cost.
- (ii) **Work-in-progress:** At lower of cost or net realisable value. Cost for this purpose includes material, labour and appropriate allocation of overheads (based on normal operating capacity). Cost of

Standalone Financial Statements of Jindal Worldwide Limited (Contd.) **Notes forming part of Standalone Financial Statement for the year ended 31st March, 2018**

inventories also include all other costs incurred in bringing the inventories to their present location and condition. Cost is determined on a moving weighted average cost basis.

(iii) **Finished goods:** At lower of cost or net realisable value.

(iv) **Goods in Transit :** Goods-in-transit are valued at actual cost incurred up to the date of balance sheet.

3.4 Cash and cash equivalents

Cash and cash equivalents in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above, net of outstanding bank overdrafts as they are considered an integral part of the Company's cash management.

3.5 Property, plant and equipment (PPE)

Under the previous GAAP (Indian GAAP), fixed assets (including capital work in progress and investment properties) are stated at cost net of accumulated depreciation and accumulated impairment losses, if any. The cost comprises the purchase price, borrowing costs, if capitalization criteria are met, directly attributable cost of bringing the asset to its working condition for the intended use. The Company has elected to regard previous GAAP carrying values of property as deemed cost at the date of transition to Ind AS.

Property, plant and equipment, capital work in progress and investment property are stated at cost of acquisition or construction net of accumulated depreciation and impairment loss (if any). All significant costs relating to the acquisition and installation of property, plant and equipment/ investment property are capitalised. Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of the replaced part is derecognised. All other repairs and maintenance are charged to the Statement of Profit and Loss during the financial period in which they are incurred.

Borrowing cost relating to acquisition / construction of property, plant and equipment and investment property which take substantial period of time to get ready for its intended use are also included to the extent they relate to the period till such assets are ready to be put to use.

Depreciation is calculated on Straight Line method using the rates arrived at based on the useful lives estimated by the management. Further, pursuant to the notification of Schedule II of the Companies Act 2013, by the Ministry of Corporate Affairs effective 1st April, 2014, the management has internally reassessed and changed, wherever necessary the useful lives to compute depreciation, to conform to the requirements of the Companies Act, 2013.

Standalone Financial Statements of Jindal Worldwide Limited (Contd.)

Notes forming part of Standalone Financial Statement for the year ended 31st March, 2018

Depreciation and Amortization

Depreciation is charged on the basis of useful life of assets on SLM method which are as follows:-

Asset Category	Life in Year	Basis for useful life
Factory Building*	30	Life as prescribed under Schedule-II of Companies Act, 2013
Building- Non Factory	60	
Plant and Machinery	15	
Office Equipments	5	
Electrical Installations	10	
Computers	3	
Furniture and Fixtures	10	
Vehicles	8/10	
Networks and servers	6	

An item of property, plant and equipment and any significant part initially recognized is derecognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the Statement of Profit and Loss when the asset is derecognized.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

3.6 Intangible assets

Intangible assets are recognised when it is probable that the future economic benefits that are attributable to the assets will flow to the Company and the cost of the assets can be measured reliably.

Intangible assets acquired separately are measured on initial recognition at cost. The cost of intangible assets acquired in a business combination is their fair value at the date of acquisition. Following initial recognition, intangible assets are carried at cost less any accumulated amortization and accumulated impairment losses. Internally generated intangibles, excluding capitalised development costs, are not capitalised and the related expenditure is reflected in profit or loss in the period in which the expenditure is incurred.

The useful lives of intangible assets are assessed as either finite or indefinite.

Intangible assets with finite lives are amortised over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortization period and the amortization method for an intangible asset with a finite useful life are reviewed at least at the end of each reporting period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortization period or method, as appropriate, and are treated as changes in accounting estimates. The amortization expense on intangible assets with finite lives is recognised in the statement of profit and loss unless such expenditure forms part of carrying value of another asset.

Intangible assets with indefinite useful lives are not amortised, but are tested for impairment annually, either individually or at the cash-generating unit level. The assessment of indefinite life is reviewed

Standalone Financial Statements of Jindal Worldwide Limited (Contd.) **Notes forming part of Standalone Financial Statement for the year ended 31st March, 2018**

annually to determine whether the indefinite life continues to be supportable. If not, the change in useful life from indefinite to finite is made on a prospective basis.

Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the statement of profit or loss when the asset is derecognised.

Intangible assets with finite life are amortized on a written down value basis over the estimated useful economic life of 3 years.

3.7 Employees benefits

Short term employee benefits

Short term benefits comprise of employee costs such as salaries, bonuses, and accumulated absents are accrued in the year in which the associated services are rendered by employees of the Company and are measured at the amounts expected to be paid when the liabilities are settled.

The liabilities are presented as current employee benefit obligations in the balance sheet.

3.8 Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

3.9 Leases

The determination of whether an arrangement is (or contains) a lease is based on the substance of the arrangement at the inception of the lease. The arrangement is, or contains, a lease if fulfilment of the arrangement is dependent on the use of a specific asset or assets and the arrangement conveys a right to use the asset or assets, even if that right is not explicitly specified in an arrangement.

For arrangements entered into prior to the date of transition, the Company has determined whether the arrangement contains lease on the basis of facts and circumstances existing on the date of transition.

The Company as a lessee

A lease is classified at the inception date as a finance lease or an operating lease. A lease that transfers substantially all the risks and rewards incidental to ownership to the Company is classified as a finance lease. Assets acquired on leases where substantial risks and rewards incidental to ownership are not transferred to the Company are classified as operating leases.

Finance leases are capitalised at the commencement of the lease at the inception date fair value of the leased property or, if lower, at the present value of the minimum lease payments. Lease payments are apportioned between finance charges and reduction of the lease liability so as to achieve a constant rate of interest on the remaining balance of the liability. Finance charges are recognised in finance costs in the statement of profit and loss, unless they are directly attributable to qualifying assets, in which case they are capitalized in accordance with the Company's general policy on the borrowing costs.

Standalone Financial Statements of Jindal Worldwide Limited (Contd.)

Notes forming part of Standalone Financial Statement for the year ended 31st March, 2018

Contingent rentals are recognised as expenses in the periods in which they are incurred.

A leased asset is depreciated over the useful life of the asset. However, if there is no reasonable certainty that the Company will obtain ownership by the end of the lease term, the asset is depreciated over the shorter of the estimated useful life of the asset and the lease term.

Operating lease payments are recognised as an expense in the statement of profit and loss on a straight-line basis over the lease term after considering effects of escalation unless the payments are structured to increase in line with general inflation to compensate for lessors expected inflationary cost increase.

The Company as a lessor

Leases in which the Company does not transfer substantially all the risks and rewards of ownership of an asset are classified as operating leases. Rental income from operating lease is recognised on a straight-line basis over the term of the relevant lease unless the payments are structured to increase in line with general inflation to compensate expected inflationary cost increase. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised over the lease term on the same basis as rental income. Contingent rents are recognised as revenue in the period in which they are earned.

Leases are classified as finance leases when substantially all of the risks and rewards of ownership are transferred from the Company to the lessee. Amounts due from lessees under finance leases are recorded as receivables at the Company's net investment in the leases. Finance lease income is allocated to accounting periods so as to reflect a constant periodic rate of return on the net investment outstanding in respect of the lease.

3.10 Earnings per share

Basic earnings per share is calculated by dividing the net profit or loss for the period attributable to equity shareholders (after deducting attributable taxes) by the weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

3.11 Government Grants

Grants and subsidies from the government are recognized if the following conditions are satisfied.

- There is reasonable assurance that the Company will comply with the conditions attached to it; and
- Such benefits are earned and reasonable certainty exists of the collection

Government Grants are recognized where there is reasonable assurance that the Company has complied with the conditions attached to them and that the grant will be received. Revenue Grants (State) are recognized in the statement of Profit and Loss and are shown under Other Income & Interest Subsidy received under TUF scheme (Central) has been shown by reducing the Finance Cost. Electricity subsidy received during the year has been recognized in the statement of Profit & Loss by reducing the Electricity Consumption Expense.

Standalone Financial Statements of Jindal Worldwide Limited (Contd.) **Notes forming part of Standalone Financial Statement for the year ended 31st March, 2018**

3.12 Taxes

The tax expense for the period comprises current and deferred tax. Tax is recognised in the Statement of Profit and Loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

Current income tax

Current tax is measured at the amount expected to be paid to the tax authorities in accordance with the taxation laws prevailing and applicable for the relevant assessment year. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

Deferred tax

Deferred income taxes are recognised for the future tax consequences attributable to temporary differences between the Financial Statement carrying amounts of existing assets and liabilities and their tax bases in the Financial Statements. The effect on deferred tax assets and liabilities of a change in the tax rates is recognised using the tax rates and tax laws that have been enacted or substantively enacted by the Balance Sheet date. Deferred tax assets are recognised only to the extent that it is probable that future taxable profit will be available against which the temporary differences can be utilized. Deferred tax assets and deferred tax liabilities are offset, if a legally enforceable right exists to set-off current tax assets against current tax liabilities and the deferred tax assets and deferred tax liabilities relate to the same taxable entity and the same taxation authority.

In the situations where the Company is entitled to a tax holiday under the Income-tax Act, 1961, no deferred tax (asset or liability) is recognised in respect of temporary differences which reverse during the tax holiday period, to the extent the Company's gross total income is subject to the deduction during the tax holiday period. Deferred tax in respect of temporary differences which reverse after the tax holiday period is recognised in the year in which the temporary differences originate. However, the Company restricts recognition of deferred tax assets to the extent that it has become reasonably certain, that sufficient future taxable income will be available against which such deferred tax assets can be realized. For recognition of deferred taxes, the temporary differences which originate first are considered to reverse first.

Minimum alternate tax ('MAT') credit is recognized as a deferred tax asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the specified period. Such asset is reviewed at each Balance Sheet date and the carrying amount of MAT credit asset is written down to the extent there is no longer a convincing evidence to the effect that the Company will pay normal income tax during the specified period.

3.13 Impairment of non-financial assets

At each balance sheet date, the Company reviews the carrying values of its property, plant and equipment and intangible assets to determine whether there is any indication that the carrying value of those assets may not be recoverable through continuing use. If any such indication exists, the recoverable amount of the asset is reviewed in order to determine the extent of impairment loss (if any). Where the asset does not generate cash flows that are independent from other assets, the Company estimates the recoverable amount of the cash generating unit to which the asset belongs.

Standalone Financial Statements of Jindal Worldwide Limited (Contd.)

Notes forming part of Standalone Financial Statement for the year ended 31st March, 2018

Recoverable amount is the higher of fair value less costs to sell and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted. An impairment loss is recognised in the statement of profit and loss as and when the carrying value of an asset exceeds its recoverable amount.

Where an impairment loss subsequently reverses, the carrying value of the asset (or cash generating unit) is increased to the revised estimate of its recoverable amount so that the increased carrying value does not exceed the carrying value that would have been determined had no impairment loss been recognised for the asset (or cash generating unit) in prior years. A reversal of an impairment loss is recognised in the statement of profit and loss immediately.

3.14 Provisions, contingent liabilities, contingent assets and commitments

A provision is recognised when there is a present legal or constructive obligation as a result of past event; it is probable that an outflow of resources will be required to settle the obligation, and in respect of which a reliable estimate can be made. These are reviewed at each Balance Sheet date and adjusted to reflect the current best estimates. A disclosure for a contingent liability is made where there is a possible obligation arising out of past event, the existence of which will be confirmed only by the occurrence or non occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation arising out of past event where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

3.15 Foreign currency transactions

The standalone Financial Statements are presented in currency INR, which is also the functional currency of the Company. Functional currency is the currency of the primary economic environment in which the entity operates.

In preparing the Financial Statements, transactions in currencies other than the Company's functional currency are recorded at the rates of exchange prevailing on the date of the transaction. At the end of each reporting period, monetary items denominated in foreign currencies are re-translated at the rates prevailing at the end of the reporting period. Non-monetary items carried at fair value that are denominated in foreign currencies are retranslated at the rates prevailing on the date when the fair value was determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are not translated.

3.16 Fair value disclosures for financial assets and financial liabilities

The management believes that the fair values of non-current financial assets (e.g. Investments at FVPL, loans and others), current financial assets (e.g. cash equivalents, trade and other receivables, loans), non-current financial liabilities and current financial liabilities (e.g. Trade payables and other payables and others) approximate their carrying amounts.

The Company has not performed a fair valuation of its investment in unquoted equity shares other than subsidiary, which are classified as FVOCI (refer Note 4), as the Company believes that impact of change on account of fair value is insignificant.

Standalone Financial Statements of Jindal Worldwide Limited (Contd.) **Notes forming part of Standalone Financial Statement for the year ended 31st March, 2018**

Fair value of quoted investment in mutual fund is determined by reference to available net asset value (NAV) available from respective Assets Management Companies ('AMC').

3.17 Fair value measurement

The Company measures financial instruments, such as, investments and derivatives, at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the Financial Statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognized in the Financial Statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

The Company's Management determines the policies and procedures for both recurring fair value measurement, such as derivative instruments and unquoted/quoted financial assets measured at fair value.

External valuers are involved for valuation of unquoted financial assets and financial liabilities. Involvement of external valuers is decided upon annually by the Management. Selection criteria includes market knowledge, reputation, independence and whether professional standards are maintained. The Management decides, after discussions with the Company's external valuers, which valuation techniques and inputs to use for each case.

Standalone Financial Statements of Jindal Worldwide Limited (Contd.)

Notes forming part of Standalone Financial Statement for the year ended 31st March, 2018

At each reporting date, the Company analyses the movements in the values of assets and liabilities which are required to be remeasured or re-assessed as per the Company's accounting policies. For this analysis, the Company verifies the major inputs applied in the latest valuation by agreeing the information in the valuation computation to contracts and other relevant documents.

The Company, in conjunction with the Company's external valuers, also compares the change in the fair value of each asset and liability with relevant external sources to determine whether the change is reasonable on a yearly basis.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

3.18 Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial assets

Initial recognition and measurement

All financial assets are recognized initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset.

Subsequent measurement

For purposes of subsequent measurement, financial assets are classified in following categories:

A) Debt instruments

i) Debt instruments at amortised cost

A 'debt instrument' is measured at the amortised cost if both the following conditions are met:

- (a) The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- (b) Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

This category is the most relevant to the Company. After initial measurement, such financial assets are subsequently measured at amortised cost using the Effective Interest Rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included in finance income in the profit or loss. The losses arising from impairment are recognised in the profit or loss. This category generally applies to loans, security deposits given, trade and other receivables.

ii) Debt instrument at FVTOCI

A debt instrument is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial

Standalone Financial Statements of Jindal Worldwide Limited (Contd.)

Notes forming part of Standalone Financial Statement for the year ended 31st March, 2018

asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. The Company has not classified any financial asset into this category.

iii) Debt instrument at FVTPL

FVTPL is a residual category for debt instruments. Any debt instrument, which does not meet the criteria for categorization as at amortized cost or as FVTOCI, is classified as at FVTPL.

In addition, the Company may elect to designate a debt instrument, which otherwise meets amortized cost or FVTOCI criteria, as at FVTPL. However, such election is allowed only if doing so reduces or eliminates a measurement or recognition inconsistency (referred to as 'accounting mismatch').

Debt instruments included within the FVTPL category are measured at fair value with all changes recognized in the P&L.

B) Equity instruments

All equity instruments are subsequently measured at fair value in the balance sheet, with value changes recognised in statement of profit and loss, except for those equity instruments for which the Company has elected to present value changes in "other comprehensive income". If an equity instrument is not held for trading, the Company may make an irrevocable election for its investments which are classified as equity instruments to present the subsequent changes in fair value in other comprehensive income. The Company makes such election on an instrument by instrument basis.

If the Company decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI. There is no recycling of the amounts from OCI to P&L, even on sale of investment. However, The Company may transfer the cumulative gain or loss within equity.

The Company has elected to present all equity instruments, other than those in subsidiary, through FVTPL and all subsequent changes are recognized in Statement of Profit and Loss.

Derecognition

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised (i.e. removed from the Company's balance sheet) when:

- The rights to receive cash flows from the asset have expired, or
- The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement and either (a) the Company has transferred substantially all the risks and rewards of the asset, or (b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Company has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Company continues to recognise the transferred asset to the extent of the Company's continuing involvement. In that case, the

Company also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained.

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Company could be required to repay.

Impairment of financial assets

The Company applies Expected Credit Loss (ECL) model for measurement and recognition of impairment loss on the following financial assets and credit risk exposure;

- a) Financial assets that are debt instruments, and are measured at amortised cost e.g. loans, debt securities, deposits, trade receivables and bank balances.
- b) Financial assets that are debt instruments and are measured as at other comprehensive income (FVTOCI).
- c) Lease receivables under Ind AS 17.
- d) Trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 11 and Ind AS 18.

The Company follows 'simplified approach' for recognition of impairment loss allowance on:

- Trade receivables or contract revenue receivables; and
- All lease receivables resulting from transactions within the scope of Ind AS 17

Under the simplified approach the Company does not track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

For recognition of impairment loss on other financial assets and risk exposure, the Company determines that whether there has been a significant increase in the credit risk said initial recognition. If credit risk has not increased significantly, 12 month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If in subsequent period the credit risk reduces since initial recognition, then the entity reverts to recognizing impairment loss allowance based on 12 month ECL.

As a practical expedient, the Company uses a provision matrix to determine impairment loss allowance on portfolio of its trade receivables. The matrix is based on its historically observed default rates over the expected life of the trade receivables and is adjusted for forward looking estimates. At every reporting date, the historical observed default rates are updated and changes in the forward looking estimates are analysed. The Company has presumed that default doesn't occur later than when a financial asset is 90 days past due.

ECL is the difference between all contracted cash flows that are due to the Company in accordance with the contract and all the cash flows that the Company expects to receive, discounted at the original EIR. ECL impairment loss allowance (or reversal) recognised during the period is recognised as income / (expense) in the statement of profit and loss (P&L). This amount is reflected under the head "Other Expense" in the P&L. The impairment loss is presented as an allowance in the Balance Sheet as a reduction from the net carrying amount of the trade receivable, loan, deposits and lease receivable respectively.

Financial liabilities

Initial recognition and measurement

All financial liabilities are initially recognised at fair value. The Company's financial liabilities include trade and other payables, loans and borrowings including bank overdraft and derivative financial instruments.

Subsequent measurement

Subsequent measurement of financial liabilities depends on their classification as fair value through Profit and loss or at amortized cost.

All changes in fair value of financial liabilities classified as FVTPL is recognized in the Statement of Profit and Loss. Amortised cost category is applicable to loans and borrowings, trade and other payables. After initial recognition the financial liabilities are measured at amortised cost using the EIR method. Gains and losses are recognized in profit and loss when the liabilities are derecognized as well as through the EIR amortization process. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or cost that are integral part of the EIR. The EIR amortization is included as finance cost in the Statement of Profit and Loss.

Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

Derivative financial instruments

The Company uses derivative financial instruments, such as forward currency contracts to hedge its foreign currency risks. Such derivative financial instruments are initially recognised at fair value through profit or loss (FVTPL) on the date on which a derivative contract is entered into and are subsequently re-measured at fair value. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative.

Any gains or losses arising from changes in the fair value of derivative financial instrument are recognised in the statement of profit and loss.

Reclassification of financial instruments

After initial recognition, no reclassification is made for financial assets which are equity instruments. For financial assets, which are debt instruments, a reclassification is made only if there is a change in the business model for managing those assets. Changes to the business model are expected to be infrequent. If the Company reclassifies the financial assets, it applies the reclassification prospectively from the reclassification date which is the first day of the immediately next reporting period following the change in the business model.

Offsetting financial assets and financial liabilities

Financial assets and liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognized amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

Notes forming part of Standalone Financial Statement for the year ended 31st March, 2018

4 Explanatory notes to first time adoption of Ind AS:

These Financial Statements of Jindal Worldwide Limited ('the Company') for the year ended 31st March, 2018 have been prepared in accordance with Ind AS. This is Company's first set of standalone Financial Statements prepared in accordance with Ind AS for period upto and included the year ended 31st March, 2017, the Company prepared its financials statements in accordance with Accounting Standards as notified under Section 133 of the Companies Act 2013, read with paragraph 7 of Companies (Accounts) Rules 2014 (Indian GAAP), accordingly the Company has prepared its first of financials statement that comply Ind AS. For the purposes of transition to Ind AS, the Company has followed the guidance prescribed under Ind AS 101- First Time adoption of Indian Accounting Standard, with 1st April, 2016 as the transition date.

The transition to Ind AS has resulted in the changes in the presentation of the Financial Statements, disclosures in the notes thereto and accounting policies and principles. The accounting policies in note 3 have been applied in preparing the Financial Statements for the year ended on 31st March, 2018. This note explains the principal adjustments made by the Company in restating its IGAAP Financial Statements including balance sheet as at 1st April, 2016 and financials statements as at and for the period ended 31st March, 2017. Further, exemption on first time adoption of Ind AS availed in accordance with Ind AS have been set out in note 4.1.

4.1 Ind AS optional exemption and exceptions availed:

Ind AS 101 allows first-time adopters certain exemptions from the retrospective application of certain requirements under Ind AS. The Company has applied the following Ind AS 101 exemptions from the transition date i.e. 1st April, 2016 :

- (a) The Company has elected to avail exemption under Ind AS 101 to use Indian GAAP carrying value as deemed cost at the date of transition for all items of property, plant and equipment, intangible assets and investment properties as per the statement of financial position prepared in accordance with Indian GAAP.
- (b) The Company has elected to avail exemption under Ind AS 101 to use Indian GAAP carrying values as deemed cost at the date of transition for investments in subsidiaries as per the statement of financial position prepared in accordance with Indian GAAP.

Ind AS mandatory exemptions:

- (c) Ind AS 101 permits cumulative translation gains and losses to be reset to zero at the transition date. This provide relief in determining cumulative currency translation differences in accordance with Ind AS 21 from the date, the branch was formed. The Company elected to reset all cumulative translation gains and losses to zero by transferring it to opening retained earnings at its transition date.

- (d) Estimates

The estimates as at 1st April, 2016 and at 31st March, 2017 are consistent with those made for the same dates in accordance with Indian GAAP (after adjustments to reflect any differences in accounting policies) apart from the following items where application of Indian GAAP did not require estimation:

Impairment of financial assets based on the risk exposure and application of expected credit loss model

Standalone Financial Statements of Jindal Worldwide Limited (Contd.) **Notes forming part of Standalone Financial Statement for the year ended 31st March, 2018**

The estimates used by the Company to present these amounts in accordance with Ind AS reflect conditions at 1st April, 2016, the date of transition to Ind AS and as of 31st March, 2017.

(e) Ind AS 109: Designation of previously recognized financial instruments

Financial assets and financial liabilities are classified as fair value through profit and loss or fair value through other comprehensive income based on facts and circumstances as at the date of transition to Ind AS. Financial assets and liabilities are recognized at fair value as at the date of transition to Ind AS and not from the date of initial recognition.

(f) The classification and measurement of financial assets will be made considering whether the conditions as per Ind AS 109 are met based on facts and circumstances existing at the date of transition.

Financial assets can be measured using effective interest method by assessing its contractual cash flow characteristics only on the basis of facts and circumstances existing at the date of transition and if it is impracticable to assess the use of effective interest method, fair value of financial asset at the date of transition shall be the new carrying amount of that asset. The measurement exemption applies for financial liabilities as well.

(g) At the date of transition to Ind AS, determining whether there has been a significant increase in credit risk since the initial recognition of a financial instrument would require undue cost or effort, the Company has recognised a loss allowance at an amount equal to lifetime expected credit losses at each reporting date until that financial instrument is derecognised.

4.2 Significant accounting estimates and assumptions

The preparation of the Company's Financial Statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

Estimates and assumptions

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Company based its assumptions and estimates on parameters available when the Financial Statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

Impairment of non-financial assets

Impairment exists when the carrying value of an asset or cash generating unit exceeds its recoverable amount, which is the higher of its fair value less costs of disposal and its value in use. The fair value less costs of disposal calculation is based on available data for similar assets or observable market prices less incremental costs for disposing of the asset. The value in use calculation is based on a discounted cash flow model. The cash flows are derived from the budget for the next five years and do not include restructuring activities that the Company is not yet committed to or significant future investments that

Standalone Financial Statements of Jindal Worldwide Limited (Contd.)

Notes forming part of Standalone Financial Statement for the year ended 31st March, 2018

will enhance the asset's performance being tested. The recoverable amount is sensitive to the discount rate used for the discounted cash flow model as well as the expected future cash-inflows and the growth rate used for extrapolation purposes.

Depreciation

Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortization period or method, as appropriate, and are treated as changes in accounting estimates.

Taxes

Deferred tax assets are recognised for unused tax credits to the extent that it is probable that taxable profit will be available against which the credits can be utilised. Significant management judgement is required to determine the amount of deferred tax assets that can be recognized, based upon the likely timing and the level of future taxable profits together with future tax planning strategies.

Fair value measurement of financial instruments

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques including the DCF model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgment is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

The Company's Board of Directors are responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these Consolidated Ind AS Financial Statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) prescribed under Section 133 of the Act read with relevant rules issued there under.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Consolidated Ind AS Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these Consolidated Ind AS Financial Statements based on our audit. In conducting our audit, we have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made there under.

We conducted our audit of the Consolidated Ind AS Financial Statements in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the Consolidated Ind AS Financial Statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the Consolidated Ind AS Financial Statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Consolidated Ind AS Financial Statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the Consolidated Ind AS Financial Statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the Consolidated Ind AS Financial Statements.

We believe that the audit evidence obtained by us, is sufficient and appropriate to provide a basis for our audit opinion on the Consolidated Ind AS Financial Statements.

Annexure -A to the Independent Auditors' Report

(Referred to in paragraph 1(f) under 'Report on Other Legal and Regulatory Requirements' Section of our Report of even date)

Report on the Internal Financial Controls over financial reporting under Clause (i) of Sub-Section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Jindal Worldwide Limited ("the Company") as of 31st March, 2018 in conjunction with our audit of Consolidated Ind AS Financial Statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing, prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Consolidated Ind AS Financial Statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of consolidated Financial Statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that:

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of consolidated Financial Statements in accordance with generally accepted accounting principles, and that

receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and

- 3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the consolidated Financial Statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2018, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Consolidated Financial Statements of Jindal Worldwide Limited (Contd.)

Notes forming part of Consolidated Financial Statement for the year ended 31st March, 2018

1 Corporate information:

Jindal Worldwide Limited ('the Company') is a public Company, domiciled in India under the provision of the Companies Act, 1956. The Company is engaged in business of manufacturing & dealing in Denim and other Textile activities.

2 Basis of preparation:

The Financial Statements of the Company have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 as amended by the Companies (Indian Accounting Standards) (Amendment) Rules, 2016.

For all periods up to and including the year ended 31st March, 2017, the Company prepared its Financial Statements in accordance accounting standards notified under the Section 133 of the Companies Act 2013, read together with paragraph 7 of the Companies (Accounts) Rules, 2014 (Indian GAAP). These Financial Statements for the year ended 31st March, 2018 are the first the Company has prepared in accordance with Ind AS. (Refer Note 4.1 for information on how the Company has adopted Ind AS.)

The Company has adopted all the "Ind AS standards and the adoption was carried out in accordance with Ind AS 101 First time adoption of Indian Accounting Standards. The transition was carried out from Indian Accounting Principles generally accepted in India as prescribed under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014 (IGAAP), which was the previous GAAP. Reconciliations and descriptions of the effect of the transition has been summarized in note 4.3 and 4.4.

The Consolidated Financial Statements have been prepared on the historical cost basis, except for certain financial instruments which are measured at fair values at the end of each reporting period, as explained in the accounting policies below.

The Consolidated Financial Statements are presented in Indian rupees (INR) and all values are are presented in full, except otherwise indicated.

3 Summary of significant accounting policies:

3.1 Current vs Non Current Classification

The Company presents assets and liabilities in the Balance Sheet base on current/non-current classification.

An asset is current when it is:

- i) Expected to be realised or intended to be sold or consumed in normal operating cycle
- ii) Held primarily for the purpose of trading
- iii) Expected to be realised within twelve months after the reporting period, or
- iv) Cash or cash equivalents unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current

A liability is current when it is:

- i) Expected to be settled in normal operating cycle
- ii) Held primarily for the purpose of trading
- iii) Due to be settled within twelve months after the reporting period, or

Consolidated Financial Statements of Jindal Worldwide Limited (Contd.)

Notes forming part of Consolidated Financial Statement for the year ended 31st March, 2018

- iv) There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

All other liabilities are treated as non-current

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

3.2 Revenue recognition

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured, regardless of when the payment is being made. Revenue is measured at the fair value of the consideration received or receivable net of discounts, taking into account contractually defined terms and inclusive of excise duty, taking into account contractually defined terms of payment excluding taxes or duties collected on behalf of the government.

Sale of goods

Revenue from the sale of goods is recognised when the significant risks and rewards of ownership have been transferred to the buyer. Revenue is measured at fair value of the consideration received or receivable, inclusive of excise duty and net off sales tax/ value added tax, trade discounts, returns and allowances, price difference adjustments, volume discounts, liquidated damages and special discounts passed on to customers. No revenue is recognised if there are significant uncertainties regarding recovery of the amount due, associated costs or the possible return of goods.

Interest income

Interest income is recognised using Effective Interest Rate (EIR). EIR is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the gross amount of the financial asset or to the amortised cost of a financial liability. When calculating the EIR, the Company estimates the expected cash flows by considering all the contractual terms of the financial instrument but doesn't consider the expected credit losses. Interest income is included in the other income in the Statement of Profit and Loss.

Dividend income

Dividend income from investments is recognised when the shareholder's rights to receive payment have been established.

Rental income

Rental income from investment properties and subletting of properties is recognised on a straight line basis over the term of the relevant leases.

3.3 Inventories

- (i) **Raw materials, components and stores and spares:** At lower of cost or net realisable value. Cost represents purchase price and other direct costs and is determined on a moving weighted average cost basis. Cost of inventories also include all other costs incurred in bringing the inventories to their present location and condition. However, materials and other items held for use in the production of inventories are not written down below cost if the finished products in which they will be incorporated are expected to be sold at or above cost.
- (ii) **Work-in-progress:** At lower of cost or net realisable value. Cost for this purpose includes material, labour and appropriate allocation of overheads (based on normal operating capacity). Cost of

Consolidated Financial Statements of Jindal Worldwide Limited (Contd.)

Notes forming part of Consolidated Financial Statement for the year ended 31st March, 2018

inventories also include all other costs incurred in bringing the inventories to their present location and condition. Cost is determined on a moving weighted average cost basis.

(iii) **Finished goods:** At lower of cost or net realisable value.

(iv) **Goods in Transit :** Goods-in-transit are valued at actual cost incurred up to the date of balance sheet.

3.4 Cash and cash equivalents

Cash and cash equivalents in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above, net of outstanding bank overdrafts as they are considered an integral part of the Company's cash management.

3.5 Property, plant and equipment (PPE) and Investment property

Under the previous GAAP (Indian GAAP), fixed assets (including capital work in progress and investment properties) are stated at cost net of accumulated depreciation and accumulated impairment losses, if any. The cost comprises the purchase price, borrowing costs, if capitalization criteria are met, directly attributable cost of bringing the asset to its working condition for the intended use. The Company has elected to regard previous GAAP carrying values of property as deemed cost at the date of transition to Ind AS.

Property, plant and equipment, capital work in progress and investment property are stated at cost of acquisition or construction net of accumulated depreciation and impairment loss (if any). All significant costs relating to the acquisition and installation of property, plant and equipment/ investment property are capitalised. Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of the replaced part is derecognised. All other repairs and maintenance are charged to the Statement of Profit and Loss during the financial period in which they are incurred.

Borrowing cost relating to acquisition / construction of property, plant and equipment and investment property which take substantial period of time to get ready for its intended use are also included to the extent they relate to the period till such assets are ready to be put to use.

Depreciation is calculated on Straight Line Method method using the rates arrived at based on the useful lives estimated by the management. Further, pursuant to the notification of Schedule II of the Companies Act 2013, by the Ministry of Corporate Affairs effective 1st April, 2014, the management has internally reassessed and changed, wherever necessary the useful lives to compute depreciation, to conform to the requirements of the Companies Act, 2013.

Consolidated Financial Statements of Jindal Worldwide Limited (Contd.)

Notes forming part of Consolidated Financial Statement for the year ended 31st March, 2018

Depreciation and Amortization

Depreciation is charged on the basis of useful life of assets on SLM method which are as follows:-

Asset Category	Life in Year	Basis for useful life
Factory Building*	30	Life as prescribed under Schedule-II of Companies Act, 2013
Building- Non Factory	60	
Plant and Machinery	15	
Office Equipments	5	
Electrical Installations	10	
Computers	3	
Furniture and Fixtures	10	
Vehicles	8/10	
Networks and servers	6	

An item of property, plant and equipment and any significant part initially recognized is derecognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the Statement of Profit and Loss when the asset is derecognized.

Though the Company measures investment property using cost based measurement, the fair value of investment property is disclosed in the notes. Fair values are determined based on an annual evaluation performed by an accredited external independent valuer applying a valuation model recommended by the International Valuation Standard Committee.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

3.6 Intangible assets

Intangible assets are recognised when it is probable that the future economic benefits that are attributable to the assets will flow to the Company and the cost of the assets can be measured reliably.

Intangible assets acquired separately are measured on initial recognition at cost. The cost of intangible assets acquired in a business combination is their fair value at the date of acquisition. Following initial recognition, intangible assets are carried at cost less any accumulated amortization and accumulated impairment losses. Internally generated intangibles, excluding capitalised development costs, are not capitalised and the related expenditure is reflected in profit or loss in the period in which the expenditure is incurred.

The useful lives of intangible assets are assessed as either finite or indefinite.

Intangible assets with finite lives are amortised over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortization period and the amortization method for an intangible asset with a finite useful life are reviewed at least at the end of each reporting period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortization period or method, as appropriate, and are treated as changes in accounting estimates. The amortization expense on intangible assets with finite lives is recognised in the statement of profit and loss unless such expenditure forms part of carrying value of another asset.

Consolidated Financial Statements of Jindal Worldwide Limited (Contd.)

Notes forming part of Consolidated Financial Statement for the year ended 31st March, 2018

Intangible assets with indefinite useful lives are not amortised, but are tested for impairment annually, either individually or at the cash-generating unit level. The assessment of indefinite life is reviewed annually to determine whether the indefinite life continues to be supportable. If not, the change in useful life from indefinite to finite is made on a prospective basis.

Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the statement of profit or loss when the asset is derecognised.

Intangible assets with finite life are amortized on a written down value basis over the estimated useful economic life of 3 years.

3.7 Employees benefits

Short term employee benefits

Short term benefits comprise of employee costs such as salaries, bonuses, and accumulated absents are accrued in the year in which the associated services are rendered by employees of the Company and are measured at the amounts expected to be paid when the liabilities are settled.

The liabilities are presented as current employee benefit obligations in the balance sheet.

3.8 Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

3.9 Leases

The determination of whether an arrangement is (or contains) a lease is based on the substance of the arrangement at the inception of the lease. The arrangement is, or contains, a lease if fulfilment of the arrangement is dependent on the use of a specific asset or assets and the arrangement conveys a right to use the asset or assets, even if that right is not explicitly specified in an arrangement.

For arrangements entered into prior to the date of transition, the Company has determined whether the arrangement contains lease on the basis of facts and circumstances existing on the date of transition.

The Company as a lessee

A lease is classified at the inception date as a finance lease or an operating lease. A lease that transfers substantially all the risks and rewards incidental to ownership to the Company is classified as a finance lease. Assets acquired on leases where substantial risks and rewards incidental to ownership are not transferred to the Company are classified as operating leases.

Finance leases are capitalised at the commencement of the lease at the inception date fair value of the leased property or, if lower, at the present value of the minimum lease payments. Lease payments are apportioned between finance charges and reduction of the lease liability so as to achieve a constant rate of interest on the remaining balance of the liability. Finance charges are recognised in finance costs

Consolidated Financial Statements of Jindal Worldwide Limited (Contd.)

Notes forming part of Consolidated Financial Statement for the year ended 31st March, 2018

in the statement of profit and loss, unless they are directly attributable to qualifying assets, in which case they are capitalized in accordance with the Company's general policy on the borrowing costs. Contingent rentals are recognised as expenses in the periods in which they are incurred.

A leased asset is depreciated over the useful life of the asset. However, if there is no reasonable certainty that the Company will obtain ownership by the end of the lease term, the asset is depreciated over the shorter of the estimated useful life of the asset and the lease term.

Operating lease payments are recognised as an expense in the statement of profit and loss on a straight-line basis over the lease term after considering effects of escalation unless the payments are structured to increase in line with general inflation to compensate for lessors expected inflationary cost increase.

The Company as a lessor

Leases in which the Company does not transfer substantially all the risks and rewards of ownership of an asset are classified as operating leases. Rental income from operating lease is recognised on a straight-line basis over the term of the relevant lease unless the payments are structured to increase in line with general inflation to compensate expected inflationary cost increase. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised over the lease term on the same basis as rental income. Contingent rents are recognised as revenue in the period in which they are earned.

Leases are classified as finance leases when substantially all of the risks and rewards of ownership are transferred from the Company to the lessee. Amounts due from lessees under finance leases are recorded as receivables at the Company's net investment in the leases. Finance lease income is allocated to accounting periods so as to reflect a constant periodic rate of return on the net investment outstanding in respect of the lease.

3.10 Earnings per share

Basic earnings per share is calculated by dividing the net profit or loss for the period attributable to equity shareholders (after deducting attributable taxes) by the weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

3.11 Government Grants

Grants and subsidies from the government are recognized if the following conditions are satisfied.

- There is reasonable assurance that the Company will comply with the conditions attached to it; and
- Such benefits are earned and reasonable certainty exists of the collection

Government Grants are recognized where there is reasonable assurance that the Company has complied with the conditions attached to them and that the grant will be received. Revenue Grants (State) are recognized in the statement of Profit and Loss and are shown under Other Income & Interest Subsidy received under TUF scheme (Central) has been shown by reducing the Finance Cost. Electricity

Consolidated Financial Statements of Jindal Worldwide Limited (Contd.)

Notes forming part of Consolidated Financial Statement for the year ended 31st March, 2018

subsidy received during the year has been recognized in the statement of Profit & Loss by reducing the Electricity Consumption Expense.

3.12 Taxes

The tax expense for the period comprises current and deferred tax. Tax is recognised in the Statement of Profit and Loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

Current income tax

Current tax is measured at the amount expected to be paid to the tax authorities in accordance with the taxation laws prevailing and applicable for the relevant assessment year. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

Deferred tax

Deferred income taxes are recognised for the future tax consequences attributable to temporary differences between the Financial Statement carrying amounts of existing assets and liabilities and their tax bases in the Financial Statements. The effect on deferred tax assets and liabilities of a change in the tax rates is recognised using the tax rates and tax laws that have been enacted or substantively enacted by the Balance Sheet date. Deferred tax assets are recognised only to the extent that it is probable that future taxable profit will be available against which the temporary differences can be utilized. Deferred tax assets and deferred tax liabilities are offset, if a legally enforceable right exists to set-off current tax assets against current tax liabilities and the deferred tax assets and deferred tax liabilities relate to the same taxable entity and the same taxation authority.

In the situations where the Company is entitled to a tax holiday under the Income-tax Act, 1961, no deferred tax (asset or liability) is recognised in respect of temporary differences which reverse during the tax holiday period, to the extent the Company's gross total income is subject to the deduction during the tax holiday period. Deferred tax in respect of temporary differences which reverse after the tax holiday period is recognised in the year in which the temporary differences originate. However, the Company restricts recognition of deferred tax assets to the extent that it has become reasonably certain, that sufficient future taxable income will be available against which such deferred tax assets can be realized. For recognition of deferred taxes, the temporary differences which originate first are considered to reverse first.

Minimum alternate tax ('MAT') credit is recognized as a deferred tax asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the specified period. Such asset is reviewed at each Balance Sheet date and the carrying amount of MAT credit asset is written down to the extent there is no longer a convincing evidence to the effect that the Company will pay normal income tax during the specified period.

3.13 Impairment of non-financial assets

At each balance sheet date, the Company reviews the carrying values of its property, plant and equipment and intangible assets to determine whether there is any indication that the carrying value of those assets may not be recoverable through continuing use. If any such indication exists, the

Consolidated Financial Statements of Jindal Worldwide Limited (Contd.)

Notes forming part of Consolidated Financial Statement for the year ended 31st March, 2018

recoverable amount of the asset is reviewed in order to determine the extent of impairment loss (if any). Where the asset does not generate cash flows that are independent from other assets, the Company estimates the recoverable amount of the cash generating unit to which the asset belongs.

Recoverable amount is the higher of fair value less costs to sell and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted. An impairment loss is recognised in the statement of profit and loss as and when the carrying value of an asset exceeds its recoverable amount.

Where an impairment loss subsequently reverses, the carrying value of the asset (or cash generating unit) is increased to the revised estimate of its recoverable amount so that the increased carrying value does not exceed the carrying value that would have been determined had no impairment loss been recognised for the asset (or cash generating unit) in prior years. A reversal of an impairment loss is recognised in the statement of profit and loss immediately.

3.14 Provisions, contingent liabilities, contingent assets and commitments

A provision is recognised when there is a present legal or constructive obligation as a result of past event; it is probable that an outflow of resources will be required to settle the obligation, and in respect of which a reliable estimate can be made. These are reviewed at each Balance Sheet date and adjusted to reflect the current best estimates. A disclosure for a contingent liability is made where there is a possible obligation arising out of past event, the existence of which will be confirmed only by the occurrence or non occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation arising out of past event where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

3.15 Foreign currency transactions

The consolidated Financial Statements are presented in currency INR, which is also the functional currency of the Company. Functional currency is the currency of the primary economic environment in which the entity operates.

In preparing the consolidated Financial Statements, transactions in currencies other than the Company's functional currency are recorded at the rates of exchange prevailing on the date of the transaction. At the end of each reporting period, monetary items denominated in foreign currencies are re-translated at the rates prevailing at the end of the reporting period. Non-monetary items carried at fair value that are denominated in foreign currencies are re-translated at the rates prevailing on the date when the fair value was determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are not translated.

3.16 Fair value disclosures for financial assets and financial liabilities

The management believes that the fair values of non-current financial assets (e.g. Investments at FVPL, loans and others), current financial assets (e.g. cash equivalents, trade and other receivables, loans),

Consolidated Financial Statements of Jindal Worldwide Limited (Contd.)

Notes forming part of Consolidated Financial Statement for the year ended 31st March, 2018

non-current financial liabilities and current financial liabilities (e.g. Trade payables and other payables and others) approximate their carrying amounts.

The Company has not performed a fair valuation of its investment in unquoted equity shares other than subsidiary, which are classified as FVOCI (refer Note 4), as the Company believes that impact of change on account of fair value is insignificant.

Fair value of quoted investment in mutual fund is determined by reference to available net asset value (NAV) available from respective Assets Management Companies ('AMC').

3.17 Fair value measurement

The Company measures financial instruments, such as, investments and derivatives, at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the Financial Statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 – Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 – Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 – Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognized in the consolidated Financial Statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

The Company's Management determines the policies and procedures for both recurring fair value measurement, such as derivative instruments and unquoted/quoted financial assets measured at fair value.

Consolidated Financial Statements of Jindal Worldwide Limited (Contd.)

Notes forming part of Consolidated Financial Statement for the year ended 31st March, 2018

External valuers are involved for valuation of unquoted financial assets and financial liabilities. Involvement of external valuers is decided upon annually by the Management. Selection criteria includes market knowledge, reputation, independence and whether professional standards are maintained. The Management decides, after discussions with The Company's external valuers, which valuation techniques and inputs to use for each case.

At each reporting date, the Company analyses the movements in the values of assets and liabilities which are required to be remeasured or re-assessed as per the Company's accounting policies. For this analysis, the Company verifies the major inputs applied in the latest valuation by agreeing the information in the valuation computation to contracts and other relevant documents.

The Company, in conjunction with the Company's external valuers, also compares the change in the fair value of each asset and liability with relevant external sources to determine whether the change is reasonable on a yearly basis.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

3.18 Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial assets

Initial recognition and measurement

All financial assets are recognized initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset.

Subsequent measurement

For purposes of subsequent measurement, financial assets are classified in following categories:

A) Debt instruments

i) Debt instruments at amortised cost

A 'debt instrument' is measured at the amortised cost if both the following conditions are met:

- (a) The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- (b) Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

This category is the most relevant to the Company. After initial measurement, such financial assets are subsequently measured at amortised cost using the Effective Interest Rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included in finance income in the profit or loss. The losses arising from impairment are recognised in the profit or loss. This category generally applies to loans, security deposits given, trade and other receivables.

Consolidated Financial Statements of Jindal Worldwide Limited (Contd.)

Notes forming part of Consolidated Financial Statement for the year ended 31st March, 2018

ii) Debt instrument at FVTOCI

A debt instrument is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. The Company has not classified any financial asset into this category.

iii) Debt instrument at FVTPL

FVTPL is a residual category for debt instruments. Any debt instrument, which does not meet the criteria for categorization as at amortized cost or as FVTOCI, is classified as at FVTPL.

In addition, the Company may elect to designate a debt instrument, which otherwise meets amortized cost or FVTOCI criteria, as at FVTPL. However, such election is allowed only if doing so reduces or eliminates a measurement or recognition inconsistency (referred to as 'accounting mismatch').

Debt instruments included within the FVTPL category are measured at fair value with all changes recognized in the P&L.

B) Equity instruments

All equity instruments are subsequently measured at fair value in the balance sheet, with value changes recognised in statement of profit and loss, except for those equity instruments for which the Company has elected to present value changes in other comprehensive income. If an equity instrument is not held for trading, the Company may make an irrevocable election for its investments which are classified as equity instruments to present the subsequent changes in fair value in other comprehensive income. The Company makes such election on an instrument by instrument basis.

If the Company decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI. There is no recycling of the amounts from OCI to P&L, even on sale of investment. However, The Company may transfer the cumulative gain or loss within equity.

The Company has elected to present all equity instruments, other than those in subsidiary, through FVTPL and all subsequent changes are recognized in Statement of Profit and Loss.

Derecognition

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised (i.e. removed from the Company's balance sheet) when:

- The rights to receive cash flows from the asset have expired, or
- The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the Company has transferred substantially all the risks and rewards of the asset, or (b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

Consolidated Financial Statements of Jindal Worldwide Limited (Contd.)

Notes forming part of Consolidated Financial Statement for the year ended 31st March, 2018

When the Company has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Company continues to recognise the transferred asset to the extent of the Company's continuing involvement. In that case, the Company also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained.

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Company could be required to repay.

Impairment of financial assets

The Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the following financial assets and credit risk exposure;

- a) Financial assets that are debt instruments, and are measured at amortised cost e.g. loans, debt securities, deposits, trade receivables and bank balances.
- b) Financial assets that are debt instruments and are measured as at other comprehensive income (FVTOCI).
- c) Lease receivables under Ind AS 17.
- d) Trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 11 and Ind AS 18.

The Company follows 'simplified approach' for recognition of impairment loss allowance on:

- Trade receivables or contract revenue receivables; and
- All lease receivables resulting from transactions within the scope of Ind AS 17

Under the simplified approach the Company does not track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

For recognition of impairment loss on other financial assets and risk exposure, the Company determines that whether there has been a significant increase in the credit risk said initial recognition. If credit risk has not increased significantly, 12 month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If in subsequent period the credit risk reduces since initial recognition, then the entity reverts to recognizing impairment loss allowance based on 12 month ECL.

As a practical expedient, the Company uses a provision matrix to determine impairment loss allowance on portfolio of its trade receivables. The matrix is based on its historically observed default rates over the expected life of the trade receivables and is adjusted for forward looking estimates. At every reporting date, the historical observed default rates are updated and changes in the forward looking estimates are analysed. The Company has presumed that default doesn't occur later than when a financial asset is 90 days past due.

ECL is the difference between all contracted cash flows that are due to the Company in accordance with the contract and all the cash flows that the Company expects to receive, discounted at

Consolidated Financial Statements of Jindal Worldwide Limited (Contd.)

the original EIR. ECL impairment loss allowance (or reversal) recognised during the period is recognised as income / (expense) in the statement of profit and loss (P&L). This amount is reflected under the head "Other Expense" in the P&L. The impairment loss is presented as an allowance in the Balance Sheet as a reduction from the net carrying amount of the trade receivable, loan, deposits and lease receivable respectively.

Financial liabilities

Initial recognition and measurement

All financial liabilities are initially recognised at fair value. The Company's financial liabilities include trade and other payables, loans and borrowings including bank overdraft and derivative financial instruments.

Subsequent measurement

Subsequent measurement of financial liabilities depends on their classification as fair value through Profit and loss or at amortized cost.

All changes in fair value of financial liabilities classified as FVTPL is recognized in the Statement of Profit and Loss. Amortised cost category is applicable to loans and borrowings, trade and other payables. After initial recognition the financial liabilities are measured at amortised cost using the EIR method. Gains and losses are recognized in profit and loss when the liabilities are derecognized as well as through the EIR amortization process. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or cost that are integral part of the EIR. The EIR amortization is included as finance cost in the Statement of Profit and Loss.

Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

Derivative financial instruments

The Company uses derivative financial instruments, such as forward currency contracts to hedge its foreign currency risks. Such derivative financial instruments are initially recognised at fair value through profit or loss (FVTPL) on the date on which a derivative contract is entered into and are subsequently re-measured at fair value. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative.

Any gains or losses arising from changes in the fair value of derivative financial instrument are recognised in the statement of profit and loss.

Reclassification of financial instruments

After initial recognition, no reclassification is made for financial assets which are equity instruments. For financial assets, which are debt instruments, a reclassification is made only if there is a change in the business model for managing those assets. Changes to the business model are expected to be infrequent. If the Company reclassifies the financial assets, it applies the reclassification

Consolidated Financial Statements of Jindal Worldwide Limited (Contd.)

Notes forming part of Consolidated Financial Statement for the year ended 31st March, 2018

prospectively from the reclassification date which is the first day of the immediately next reporting period following the change in the business model.

Offsetting financial assets and financial liabilities

Financial assets and liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognized amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

4 Explanatory notes to first time adoption of Ind AS:

These Financial Statements of Jindal Worldwide Limited ('the group') for the year ended 31st March, 2018 have been prepared in accordance with Ind AS. This is group's first set of consolidated Financial Statements prepared in accordance with Ind AS for period upto and included the year ended 31st March, 2017, the group prepared its financials statements in accordance with Accounting Standards as notified under Section 133 of the Companies Act 2013, read with paragraph 7 of Companies (Accounts) Rules 2014 (Indian GAAP), accordingly the group has prepared its first of financials statement that comply Ind AS. For the purposes of transition to Ind AS, the group has followed the guidance prescribed under Ind AS 101- First Time adoption of Indian Accounting Stanadard, with 1st April, 2016 as the transition date.

The transition to Ind AS has resulted in the changes in the presentation of the Financial Statements, disclosures in the notes thereto and accounting policies and principles. The accounting policies in note 3 have been applied in preparing the Financial Statements for the year ended on 31st March, 2018. This note explains the principlpal adjustments made by the group in restating its IGAAP Financial Statements including balance sheet as at 1st April, 2016 and financials statements as at and for the period ended 31st March, 2017. Further, exemption on first time adoption of Ind AS availed in accordance with Ind AS have been set out in note 4.1.

4.1 Ind AS optional exemption and exceptions availed:

Ind AS 101 allows first-time adopters certain exemptions from the retrospective application of certain requirements under Ind AS. The group has applied the following Ind AS 101 exemptions from the transition date i.e. 1st April, 2016 :

- (a) The group has elected to avail exemption under Ind AS 101 to use Indian GAAP carrying value as deemed cost at the date of transition for all items of property, plant and equipment, intangible assets and investment properties as per the statement of financial position prepared in accordance with Indian GAAP.
- (b) The group has elected to avail exemption under Ind AS 101 to use Indian GAAP carrying values as deemed cost at the date of transition for investments in subsidiaries as per the statement of financial position prepared in accordance with Indian GAAP.

Ind AS mandatory exemptions:

- (c) Ind AS 101 permits cumulative translation gains and losses to be reset to zero at the transition date. This provide relief in determining cumulative currency translation differences in accordance with Ind AS 21 from the date, the branch was formed. The group elected to reset all cumulative translation gains and losses to zero by transferring it to opening retained earnings at its transition date.

(d) Estimates

The estimates as at 1st April, 2016 and at 31st March, 2017 are consistent with those made for the same dates in accordance with Indian GAAP (after adjustments to reflect any differences in accounting policies) apart from the following items where application of Indian GAAP did not require estimation: Impairment of financial assets based on the risk exposure and application of expected credit loss model. The estimates used by the group to present these amounts in accordance with Ind AS reflect conditions at 1st April, 2016, the date of transition to Ind AS and as of 31st March, 2017.

- (e) Ind AS 109: Designation of previously recognized financial instruments: Financial assets and financial liabilities are classified as fair value through profit and loss or fair value through other comprehensive income based on facts and circumstances as at the date of transition to Ind AS. Financial assets and liabilities are recognized at fair value as at the date of transition to Ind AS and not from the date of initial recognition.
- (f) The classification and measurement of financial assets will be made considering whether the conditions as per Ind AS 109 are met based on facts and circumstances existing at the date of transition. Financial assets can be measured using effective interest method by assessing its contractual cash flow characteristics only on the basis of facts and circumstances existing at the date of transition and if it is impracticable to assess the use of effective interest method, fair value of financial asset at the date of transition shall be the new carrying amount of that asset. The measurement exemption applies for financial liabilities as well.
- (g) At the date of transition to Ind AS, determining whether there has been a significant increase in credit risk since the initial recognition of a financial instrument would require undue cost or effort, the group has recognised a loss allowance at an amount equal to lifetime expected credit losses at each reporting date until that financial instrument is derecognised.

4.2 Significant accounting estimates and assumptions

The preparation of the group's Financial Statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

Estimates and assumptions

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The group based its assumptions and estimates on parameters available when the Financial Statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the group. Such changes are reflected in the assumptions when they occur.

Impairment of non-financial assets

Impairment exists when the carrying value of an asset or cash generating unit exceeds its recoverable amount, which is the higher of its fair value less costs of disposal and its value in use. The fair value less

Consolidated Financial Statements of Jindal Worldwide Limited (Contd.)

Notes forming part of Consolidated Financial Statement for the year ended 31st March, 2018

costs of disposal calculation is based on available data for similar assets or observable market prices less incremental costs for disposing of the asset. The value in use calculation is based on a discounted cash flow model. The cash flows are derived from the budget for the next five years and do not include restructuring activities that the group is not yet committed to or significant future investments that will enhance the asset's performance being tested. The recoverable amount is sensitive to the discount rate used for the discounted cash flow model as well as the expected future cash-inflows and the growth rate used for extrapolation purposes.

Depreciation

Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortization period or method, as appropriate, and are treated as changes in accounting estimates.

Taxes

Deferred tax assets are recognised for unused tax credits to the extent that it is probable that taxable profit will be available against which the credits can be utilised. Significant management judgement is required to determine the amount of deferred tax assets that can be recognized, based upon the likely timing and the level of future taxable profits together with future tax planning strategies.

Fair value measurement of financial instruments

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques including the DCF model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgment is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

a) Fair value measurement of revenues

Under Indian GAAP, revenues have been stated at its invoice values.

Under Ind AS, the revenues are required to be measured at fair values and therefore, expenses connected with revenues have been adjusted against revenues.

b) Unamortized expenses

Under Indian GAAP, certain preliminary expenses were amortized over a period of time.

Under Ind AS, all such expenses were adjusted and Statement of Profit and Loss for the year to which they pertain.

c) Unamortized expenses

Under Indian GAAP, subsidy in the nature of promoter's contribution was recognized as capital reserve.

Under Ind AS, such subsidy is amortized to statement of profit and loss.
