

Jindal Business Responsibility Policies

Principle- 2

Businesses / Product Life Cycle sustainability

Philosophy:

Jindal Worldwide Limited endeavours to embed the principles of sustainability, as far as practicable, into the various stages of product or service lifecycle including procurement of raw material / service, manufacturing of product or delivery of service, transportation of raw materials and finished goods, and disposal by consumers to improve the quality of life and people.

Policy:

- To assure safety and optimal resource use over the life-cycle of the product - from design to disposal - and ensure that everyone connected with it- designers, producers, value chain members, customers and others are aware of their responsibilities.
- To raise the consumer's awareness of their rights through education, product labelling, appropriate and helpful marketing communication, along with full details of contents and composition and promotion of safe usage and disposal of their products and services.
- In designing the product, to ensure that the manufacturing processes and technologies required to produce it are resource efficient and sustainable.
- To regularly review and improve upon the process of new technology development, deployment and commercialization, incorporating social, ethical, and environmental considerations.
- To recognize and respect the rights of people who may be owners of traditional knowledge, and other forms of intellectual property.
- To recognize that over-consumption results in unsustainable exploitation of our planet's resources, and therefore promote sustainable consumption, including recycling of resources.

Other Guidelines:

- The Company shall, at all times, ensure that the goods / products it produces are safe and sustainable.
- The Company shall ensure that it keeps balance of the social, environmental and economic impact of the business it conducts.
- The Company shall remain committed to provide full satisfaction to its customers with respect to quality, reliability and delivery and attain quality leadership for all products that are offered by it.
- The Company's mission is to conserve natural resources and to ensure the protection of the environment.
- This policy will be reviewed on a regular basis to evaluate continued relevance and to monitor compliance.
